International Travel
This story is part of the Access for All program for people with disabilities at the Philadelphia International Airport (PHL). This program can be used to assist you when you are flying to or from PHL.
There are differences between flying in the USA and flying internationally.
Multiple agencies have control over what can come into and go out of each country.

**TRAVELERS: AVOID FINES AND DELAYS**

- Fruits & Vegetables
- Plants & Cut Flowers
- Meat & Animal Products
- Live Animals

Foreign insects, plant and animal diseases, and invasive plants can be harmful to United States agriculture.
For information about traveling internationally with service animals and pets:

https://www.state.gov/pets-and-international-travel/
If traveling with medication or medical equipment, have a valid prescription written in English.
Keep medication in the original container.
Do you have questions about traveling with medications?

Contact the Division of Drug Information at:
855-543-3784
or email: druginfo@fda.hhs.gov

https://www.fda.gov/consumers/consumer-updates/5-tips-traveling-us-medications
Depending on your destination, you may need vaccines.

To understand what vaccinations are needed see the following webpage:
https://wwwnc.cdc.gov/travel/destinations/list
You may need a prescription to fly with a medical device. TSA Cares can answer your questions about what you need.

Contact TSA Cares
855-787-2227
https://www.tsa.gov/contact-center/form/cares
Understand the rules of the airline you are flying.
Do research to understand the entry requirements to the country you are traveling.
You can watch this video about International arrivals at PHL.
