---

**INTRODUCTION**

Philadelphia International Airport (“PHL”) and Northeast Philadelphia Airport (“PNE”) (collectively the “Airport”) are owned by the City of Philadelphia (the “City”) and operated by the Department of Aviation (the “Department”). The following discussion and analysis of the financial performance and activity of the Department is to provide an introduction and understanding of the basic financial statements of the City’s Aviation Fund (“Aviation Fund”) for the fiscal year ended June 30, 2025, with selected comparative information for the fiscal year ended June 30, 2024.

This discussion has been prepared by management and should be read in conjunction with the financial statements and the notes thereto that follow this section. The financial statements presented are for the Aviation Fund only and are not intended to present fairly the financial position of the City as a whole or the results of its operations and cash flows. The Annual Comprehensive Financial Report of the City provides complete financial information as to the City and its component units. Complete financial information for the City and its component units can be found at: <https://www.phila.gov/INVESTOR/Pages/reports.aspx>.

The accounting policies of the City of Philadelphia, as reflected in the accompanying Aviation Fund financial statements, conform to accounting principles generally accepted in the United States of America for local government units as prescribed by the Governmental Accounting Standards Board. Accounting principles generally accepted in the United States of America for proprietary funds, such as the Aviation Fund, require that both earnings and expenses be recorded as they accrue, and that depreciation of fixed assets be recorded as an expense. The financial statements for fiscal year 2025 are presented in accordance with accounting principles generally accepted in the United States of America.

The financial statements contained in the Financial Section of this document are reconcilable with the Basic Financial Statements contained in the City’s Annual Comprehensive Financial Report for fiscal year 2025, which are audited by the Office of the Controller of the City of Philadelphia.

For purposes of calculating Scheduled Airline rentals, fees and charges, and demonstrating compliance with the Rate Covenant, Aviation Fund accounts are maintained on the accrual basis of accounting adjusted to meet the particular requirements of the General Airport Revenue Bond Ordinance of the City. Using this basis of accounting, revenues are recorded as they are earned, and operating expenses are recorded as they are incurred. In addition, principal payments on debt are recorded as an element of expense in lieu of depreciation, and equipment purchases, and other capital outlays funded from operations are charged to expense in the year of acquisition.

For purposes of budgeting, Aviation Fund accounts are maintained on the modified accrual basis of accounting also referred to as the “legally enacted basis.” Under this basis, revenues are recorded in the year received. Obligations are recognized and recorded as expenses at the time they are paid or encumbered. A reserve is maintained for encumbrances at the close of the fiscal year, intended to be sufficient to liquidate the estimated related obligations.

**AVIATION FUND**  
Management’s Discussion and Analysis (Unaudited)  
June 30, 2025

---

**BACKGROUND INFORMATION ON THE AVIATION FUND**

The Aviation Fund is an enterprise fund of the City. Enterprise funds are established by governmental units to account for services that are provided to the general public based on user charges, and they are operated in a manner similar to business-type activities. The Aviation Fund was created and authorized as part of the fiscal year 1974 Operating Budget Ordinance approved by City Council on June 7, 1973 and made effective July 1, 1973.

The Aviation Fund is self-supporting, using no local tax dollars to operate. The Aviation Fund uses aircraft landing fees, terminal building rentals, concession revenue and other facility charges to fund annual expenses. The Airport’s capital program is funded by airport revenue bonds issued by the City, commercial paper, federal and state grants, passenger facility charges, customer facility charges, and operating revenues.

**DESCRIPTION OF PHILADELPHIA AIRPORT SYSTEM**

PHL is classified by the Federal Aviation Administration (“FAA”) as a large air traffic hub (enplaning 1.0% or more of the total passengers enplaned in the U.S.). According to data reported for calendar year 2024 by Airports Council International – North America, PHL was ranked the twenty-first busiest airport in the United States, serving 30.9 million passengers; twenty-fifth busiest in the nation for aircraft operations; and twentieth busiest in the nation for cargo tonnage.

The Airport serves residents and visitors from a broad geographic area that includes eleven counties within four states: Pennsylvania, New Jersey, Delaware, and Maryland. The Airport System consists of the following:

**Philadelphia International Airport**

PHL has approximately 2,598 acres located partly in the southwestern section of the City and partly in the eastern section of Delaware County, about 7.2 miles from Center City Philadelphia. The Airport’s runway system consists of parallel Runways 9L-27R and 9R-27L, crosswind Runway 17-35, commuter Runway 8-26, and interconnecting taxiways. PHL’s terminal facilities consist of seven terminal units totaling approximately 3.3 million square feet and include ticketing areas, passenger and baggage screening areas, passenger hold rooms and other amenities, baggage claim areas, a variety of food, retail and service establishments, and other support areas.

Outside of the PHL terminal area, PHL also has the following: six active cargo facilities; various support buildings; training areas; an air traffic control tower; a fixed-base operator; corporate hangars; a fueling supply facility; two American Airlines aircraft maintenance hangars; a first-class office complex; a 14-story hotel; seven rental car facilities; a cell-phone lot; employee parking lots; and five public parking garages.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
Management's Discussion and Analysis (Unaudited)  
June 30, 2025

---

**Northeast Philadelphia Airport**

PNE is located on approximately 1,118 acres situated within the City limits, ten miles northeast of Center City Philadelphia. PNE serves as a reliever airport for PHL and provides for general aviation, air taxi, corporate, and occasional military use. The airport has no scheduled commercial service. There are presently 85 T-hangars, ten corporate hangars and six open hangars for general aviation activities.

**AIRPORT STATISTICS AND HIGHLIGHTS**

**Air Service**

At fiscal year-end 2025 PHL offered 129 non-stop destinations, of which 93 were domestic and 36 were international destinations. Seat capacity in fiscal year 2025, which continued to be impacted by airline constraints, increased by 1.1 million (6.0%) over fiscal year 2024, bringing the fiscal year 2025 total seat capacity to 19.1 million. Domestic seats increased 983 thousand (6.3%), while international seats increased 96 thousand (4.2%).

During the year, PHL expanded its seasonal flight offerings to include domestic destinations such as Portland, Albuquerque, and Cape Cod as well as international locations like Milan, Edinburgh, Prague, Budapest, and various Caribbean countries. Additionally, through its new partnership with Aeroméxico, PHL now offers year-round daily nonstop service between Mexico City and Philadelphia. This marks the first time since 2019 that nonstop flights to Mexico City have been available from PHL.

Landline

In collaboration with Landline Company and American Airlines, the Airport continues to provide premium motor coach services for regional passengers traveling to and from PHL. This service ensures a seamless experience, enabling travelers to check their bags and clear security at their departing airport before being shuttled to PHL where their checked bags are handled by American Airlines and they board a connecting flight. For return trips, travelers board the Landline motor coach airside at PHL and arrive at their local airport with their checked baggage directly transferred. With the recent addition of service to Trenton-Mercer Airport (TTN), American Airlines now offers Landline services between PHL and five regional airports, including from Atlantic City International Airport (ACY), Lehigh Valley International Airport (ABE), Wilkes-Barre Scranton International Airport (AVP), and Wilmington Airport (ILG).

**Passenger Activity**

The total number of passengers served by the Airport in fiscal year 2025 was approximately 30.5 million, which is an increase of 3.7% from fiscal year 2024 passengers of 29.5 million. Domestic passenger traffic increased 3.5% in fiscal year 2025 when compared to fiscal year 2024. International passenger traffic also increased by 4.9% in fiscal year 2025 compared to fiscal year 2024.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
Management’s Discussion and Analysis (Unaudited)  
June 30, 2025

PHL continues to serve as a major hub for American Airlines, which together with its regional airline affiliates, accounted for approximately 10.3 million enplaned passengers (66.8%) of the Airport’s enplaned passengers in fiscal year 2025.

<b>Enplanements and Operations Activity at PHL</b>				
	<b>Fiscal Year</b>	<b>Fiscal Year</b>	<b>Increase</b>	<b>Percentage</b>
	<b>2025</b>	<b>2024</b>	<b>(Decrease)</b>	<b>(Decrease)</b>
Domestic Enplanements (Outbound passengers):	13,441,376	12,862,407	578,969	4.5%
International Enplanements (Outbound passengers):	1,941,810	1,851,100	90,710	4.9%
Total Enplanements (Outbound passengers):	<u>15,383,186</u>	<u>14,713,507</u>	<u>669,679</u>	<u>4.6%</u>
Operations (takeoffs & landings):	325,041	303,356	21,685	7.1%
Landed Weight (1,000-pound units):	20,321,839	19,285,642	1,036,197	5.4%

**Cargo Activity**

In fiscal year 2025, PHL handled over 468 thousand tons of cargo. UPS accounted for 66% of the total cargo tonnage at PHL, which is a hub for the cargo carrier, FedEx accounted for 17%, while PHL’s passenger carriers accounted for approximately 17% of the total. Overall cargo tonnage increased by approximately 1.0 thousand tons (0.2%) from fiscal year 2024 to fiscal year 2025. Cargo related to freight decreased by approximately 23.8 thousand tons, with a decrease in domestic freight of 20.7 thousand tons (-7.0%), and a decrease in international freight of 3.1 thousand tons (-2.1%). Cargo related to mail air service increased by almost 24.8 thousand tons, with an increase of 111.5% in domestic mail offset by a 61.6% decrease in international mail.

Total Cargo (Freight and Mail):	468,127	467,100	1,027	0.2%

**OTHER OPERATIONAL AND FINANCIAL HIGHLIGHTS**

**Airport-Airline Use and Lease Agreement**

PHL’s three-year Airport-Airline Use and Lease Agreement (the “Airline Agreement”) with its signatory airlines took effect on July 1, 2023, and includes options for two one-year extensions. The Airline Agreement authorized an additional \$935 million in new capital investments, bringing the total airline commitment to advance PHL’s capital development program and to rehabilitate and repair the Airport’s existing infrastructure to approximately \$1.8 billion.

**Grant Awards**

In fiscal year 2025, the Airport was awarded a \$27.5 million competitive grant from the Infrastructure Investment and Jobs Act – Airport Terminal Program (IIJA-ATP) and \$26.2 million grant from the Infrastructure Investment and Jobs Act – Airport Infrastructure Grant (IIJA-AIG) through the FAA. The summary below highlights recent FAA grants under agreement which could also include funding allocations from previous fiscal years:

- IIJA-AIG
  - \$29.7 million from two grants for phases 2 and 3 of the Terminal Energy Optimization Program
  - \$11.5 million for phase 3 of the Restroom Renovation Program
  - \$7.5 million from two grants, for taxiway rehabilitation projects, one at PHL for \$6.9 million and one at PNE for \$687 thousand
- IIJA-ATP awarded \$27.5 million from the Terminal Energy Optimization Program for phase 4 of the Terminals D and E Checkpoint Curtain Wall.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
Management’s Discussion and Analysis (Unaudited)  
June 30, 2025

---

Additionally, the Airport was awarded:

- Federal grants for \$39.1 million from the FAA Airport Improvement Program for runway construction and rehabilitation, hot spot mitigation, fuel, charging station infrastructure, and fencing
- State grants for \$1 million from the Pennsylvania Department of Community and Economic Development for energy efficiency assessment supplemental funding

**Bond Rating Increase**

In FY2025, Fitch Ratings assigned an “A+” rating with a stable outlook to the Airport’s general airport revenue bonds highlighting the Airport’s improved liquidity; strong financial performance; and a large and stable service area in the Greater Philadelphia region with a solid base of origination and destination (O&D) traffic. Moody’s Investors Service (“Moody’s”) upgraded the Airport’s revenue bonds from A2 to A1 citing factors such as airport's improved financial position; its strong market position as a key travel hub in the Philadelphia metropolitan region; and being a central hub for connecting flights and transatlantic travel by the American Airlines Group, Inc.

**Infrastructure Updates**

- Restroom Renovation Program: PHL completed Phase 5 of an eight-phase restroom renovation initiative underscoring PHL’s commitment to enhancing passenger experience and improving facilities. This phase included not only the modernization of eight restrooms, but also the construction of a second new permanent lactation suite and a Service Animal Relief Area.
- Upgraded Exit Lane System: As part of a broader, multi-phase approach to modernize exit doors across the airport, PHL opened the first phase of a new upgraded exit lane system at Terminal D. The system includes a modular three-part secure glass corridor with multiple doors to guide passengers from the secure gate area to non-secured areas. It allows Airport Access Control to remotely manage door functions and is equipped with cameras, motion detectors, presence sensors, and video analytics to monitor unauthorized access attempts and automatically secure access points.

**Elevated Airport Experiences**

- New Airport Lounges: PHL offers new lounges that provide luxury and options that make waiting part of the journey. These include:
  - American Airlines Flagship Lounge and Admirals Club located in Terminal A-West, offering a menu curated locally by an award nominated culinary chef

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
Management’s Discussion and Analysis (Unaudited)  
June 30, 2025

---

- Chase Sapphire Lounge by The Club located in the Terminal D/E Connector, offering a menu serving Philadelphia bites, a beer garden with local brews, a Philly-sports themed game room, and a custom mural
- New USO Lounge providing military personnel and veterans with more family friendly spaces and places to relax
- New Art in the Airport: PHL continues its efforts to provide visibility for Philadelphia’s unique cultural life by enriching the experience of the traveling public through its arts program. In Terminal A-West, standing 10-feet tall and placed on a three-foot-tall by four-foot black steel base sits a Rocky statue, commemorating the movie franchise, which chronicles the boxing journey and triumph of its fictional character Rocky Balboa. Thousands of Philadelphia tourists will now be able to visit the statue at two locations in the city, the Philadelphia Museum of Art and PHL.
- Park PHL: The Airport launched Park PHL, a new streamlined parking program that provides online booking (Park PHL Reserve) that allows guests to reserve and pay for parking in PHL’s Economy Parking Lot (Park PHL Economy) or usage of the new valet service (Park PHL Valet) prior to arrival at the airport. To use Park PHL Reserve, guests log on to [PHL.org/parking](http://PHL.org/parking).

### **Awards and Recognition**

Customer Service Through People Award: In the Excellence in Airport Marketing, Communications, and Customer Awards category, the PHL Works program received the Customer Service Through People Award from Airports Council International - North America (ACI-NA) category for Awards.

Envision Verified Award and Envision Silver Award: PHL obtained the Envision Verified Award from the Institute for Sustainable Infrastructure for the Taxiway U & Y Rehabilitation Project. PNE received an Envision Silver Award for the Taxiway L Rehabilitation Project. The Envision rating system, established by the Institute for Sustainable Infrastructure, promotes the sustainability and resilience of infrastructure projects.

### **FINANCIAL STATEMENTS OVERVIEW**

The basic financial statements of the Aviation Fund are designed to provide the reader with a broad overview of the organization’s finances. The financial statements are prepared in accordance with Generally Accepted Accounting Principles (“GAAP”) promulgated by the Governmental Accounting Standards Board (“GASB”).

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
Management’s Discussion and Analysis (Unaudited)  
June 30, 2025

---

The financial statements of the Aviation Fund are presented on an accrual basis, and accordingly, income is recorded as earned and expenses as incurred. Operating revenues are comprised of airline and non-airline revenues. Airline revenues are those paid by the Airport’s agreement carriers and include rents, landing fees, and passenger fees. Non-airline revenues are all other operating revenues that do not qualify as airline revenue. These consist of parking, rental car, ground transportation, concessions, advertising, utilities, and other operating revenue. Operating expenses include salaries and employee benefits; purchased services; materials and supplies; and depreciation/amortization. Non-operating revenue and expense items include interest income, interest expense, rental car-related Customer Facility Charges (“CFC”), airfare-related Passenger Facility Charges (“PFC”), and operating grants.

Aviation Fund financial activity is presented in three financial statements:

The *Statement of Net Position* presents information on all Aviation Fund assets, deferred outflows of resources, liabilities, and deferred inflows of resources as of the fiscal year-end; assets and liabilities are classified as either current or non-current. The difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources is reported as net position. Net Position is segregated into four components: net investment in capital assets; restricted for capital projects; restricted for debt service; and unrestricted net position.

The *Statement of Revenues, Expenses and Changes in Fund Net Position* presents revenue and expense activity for the current year. The difference between revenue and expense will either increase or decrease total net position. The ending balance of net position resulting from this increase or decrease is reflected on the Statement of Net Position.

The *Statement of Cash Flows* presents the actual inflow and outflow of cash by category during the year. The difference between the inflow and outflow of cash increases or decreases the total cash balance. The resulting ending cash balance is reflected in the Statement of Net Position.

The Aviation Fund financial statements can be found after the Management’s Discussion and Analysis. The accompanying *Notes to Financial Statements* (“Notes”) provide additional information that is essential to a full understanding of the data provided in the Aviation Fund financial statements. In addition to the basic financial statements and accompanying notes, government accounting standards require presentation of *Required Supplementary Information* (“RSI”).

## **FINANCIAL HIGHLIGHTS**

### **Net Position Summary**

Total net position serves as an indicator of the Airport’s financial condition. As of June 30, 2025, the Aviation Fund’s net position was \$1.7 billion, a 15.0% increase over the fiscal year 2024. The Aviation Fund’s unrestricted net position also increased \$105.3 million (49.5%) in fiscal year 2025.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
Management’s Discussion and Analysis (Unaudited)  
June 30, 2025

The following table summarizes the Airport’s assets, deferred outflows, liabilities, deferred inflows and net position as of June 30, 2025, and June 30, 2024:

**City of Philadelphia – Aviation Fund**  
**Statement of Net Position**  
(amounts expressed in thousands)

	<u>Fiscal Year 2025</u>	<u>Fiscal Year 2024</u>	<u>Dollar Increase (Decrease)</u>	<u>Percentage Increase (Decrease)</u>
Current assets	\$ 668,071	\$ 604,003	\$ 64,068	10.6%
Non-current assets	960,734	984,999	(24,265)	(2.5)%
Capital assets, net	<u>2,548,371</u>	<u>2,380,558</u>	<u>167,813</u>	<u>7.0%</u>
Total assets	<u>4,177,177</u>	<u>3,969,561</u>	<u>207,616</u>	<u>5.2%</u>

Total liabilities	<u>2,203,492</u>	<u>2,233,181</u>	<u>(29,689)</u>	<u>(1.3)%</u>
Deferred inflows	<u>204,114</u>	<u>203,257</u>	<u>857</u>	<u>0.4%</u>
Net position:				
Net investment in capital assets	1,122,281	999,716	122,565	12.3%
Restricted for capital projects	181,798	169,710	12,089	7.1%
Restricted for debt service	165,851	172,392	(6,541)	(3.8)%
Unrestricted	<u>318,314</u>	<u>212,976</u>	<u>105,338</u>	<u>49.5%</u>
Total net position	<u>\$ 1,788,244</u>	<u>\$ 1,554,794</u>	<u>\$ 233,450</u>	<u>15.0%</u>

**Assets**

Current assets increased \$64.1 million as a result of a \$51.8 million increase in cash and cash equivalents, a \$22.9 million increase in investments, offset by a \$9.8 million decrease in accounts receivable.

Non-current assets decreased by \$24.3 million due to a \$49.7 million decrease in restricted cash and cash equivalents, a \$13.2 million decrease in non-current lease receivable, a \$6.4 million decrease in sinking fund reserves, a \$904 thousand decrease in receivables, offset by a \$34.2 million increase in investments, and a \$12.0 million increase in grants from other governments for capital purposes.

Capital assets increased by \$167.8 million due to a \$231.7 million increase in infrastructure, a \$194.1 million increase in building and equipment, and a \$40.4 million increase in land, which was offset by decreases of \$174.2 million in construction in progress and \$124.1 million increase in accumulated depreciation.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
Management's Discussion and Analysis (Unaudited)  
June 30, 2025

---

***Deferred outflows of resources***

Deferred outflows of resources decreased by a net of \$3.0 million primarily from a \$3.3 million decrease related to the pension plan.

***Liabilities***

Current liabilities increased \$35.3 million as compared to fiscal year 2024, primarily due to a \$129.5 million increase in commercial paper notes; a \$35.2 million increase in construction contracts payable; a \$4.6 million increase in accrued interest payable; and a \$2.2 million increase in accrued expenses. These increases were offset by decreases of \$108.5 million to the current portion of the 2017 taxable airport revenue note; \$16.0 million to unearned revenue; \$5.9 million due to component units; and \$5.0 million to current maturities of long-term bonded debt.

Non-current liabilities decreased \$65.0 million as compared to fiscal year 2024, primarily due to a \$77.6 million decrease in revenue bonds net of current maturities; a \$25.9 million decrease in net pension liability; a \$17.5 million decrease in unamortized bond premiums; and a \$6.1 million decrease in other post -employment benefits liability. The decreases were offset by a \$62.1 million increase in long-term taxable airport revenue notes.

***Deferred inflows of resources***

Deferred inflows of resources increased \$856 thousand in fiscal year 2025. This includes an \$8.5 million increase in deferred inflows related to other post-employment benefits; and a \$6.0 million increase in deferred inflows related to pensions. These increases were offset by a \$12.2 million decrease in deferred inflows for leases; a \$1.1 million decrease in deferred gain on refunding debt; and a \$261 thousand decrease in accumulated fair value of hedging derivatives.

***Net investment in capital assets***

Net investment in capital assets increased by \$122.6 million, primarily due to a \$167.8 million net increase in capital assets less accumulated depreciation, a \$15.6 million increase in non-current debt, and an \$18.5 million increase in arbitrage payable, which were offset by decreases of \$35.2 million in construction contracts payable, \$28.4 million in unspent proceeds of capital debt, and \$15.9 million in current debt.

***Restricted for capital projects***

Restricted for capital projects represents funds available but restricted for construction of capital assets, reduced by debt payable on those funds. The increase of \$12.1 million in fiscal year 2025 is a result of a \$12.9 million increase in the portion of PFC balance reserved for 'pay as you go' offset by a \$765 thousand decrease in restricted assets used for construction purposes.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
Management's Discussion and Analysis (Unaudited)  
June 30, 2025

---

***Restricted for debt service***

The restricted for debt service balance decreased by \$6.5 million. The decrease was the result of a \$5.9 million decrease in cash and investments in the sinking funds and a \$641 thousand decrease in restricted assets used for debt service purposes.

***Unrestricted net position***

Unrestricted net position increased by \$105.3 million. The unrestricted portion is comprised of the net position less the net investment in capital assets and restricted assets. For fiscal year 2025, the increase is the result of a \$204.6 million increase in total assets and deferred outflows netted against a \$28.8 million increase in total liabilities and deferred inflows. This net increase was offset by a decrease of \$122.6 million in total invested in capital assets, net of related debt; a decrease of \$12.1 million in total restricted for capital projects and an increase of \$6.5 million in total restricted for debt service.

**Summary of Revenues, Expenses and Changes in Net Position**

Airport income before capital contributions is composed of operating and non-operating revenues, net of expenses. Capital contributions represent federal and state grants for approved capital projects. The change in net position represents the results of operations.

In fiscal year 2025, the Aviation Fund strengthened its financial position with total revenues, including capital contributions, exceeding total expenses by almost \$233 million. The following table compares the changes in revenues, expenses and fund net position between June 30, 2025 and June 30, 2024:

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
Management’s Discussion and Analysis (Unaudited)

**Revenues**

For fiscal year 2025, approximately 73% of all revenue came from operating sources, while the remaining 27% came from non-operating sources, both of which are described below. Additional information on Airport revenues can be found in Exhibit S-12 in the Statistical Section.

***Operating Revenues***

Operating revenue consists of airline revenue and non-airline revenue, which comprised 53% and 47% respectively in fiscal year 2025, and 53% and 47% in fiscal year 2024. Operating revenues increased by \$57.8 million (13.8%) in the fiscal year 2025. The following table presents a comparative summary of operating revenues by source for fiscal year 2025 and fiscal year 2024, followed by explanations of changes in these categories between years.

Other operating	50,223	46,536	3,687	7.9%
<b>Total non-airline revenues</b>	<b>222,304</b>	<b>195,399</b>	<b>26,905</b>	<b>13.8%</b>
<b>Total operating revenue</b>	<b>\$ 477,347</b>	<b>\$ 419,565</b>	<b>\$ 57,782</b>	<b>13.8%</b>

Airline Revenues

- Rents derived from PHL's signatory airlines increased by \$16.1 million (13.7%) from fiscal year 2024 to fiscal year 2025 due to increases in various terminal rental rates in fiscal year 2025 and an increase in the ramp area rental rate.
- Landing fees derived from PHL's signatory airlines increased by \$13.3 million (15.6%) from fiscal year 2024 to fiscal year 2025 primarily due to an increase in the landing fee rate.
- Passenger fees derived from PHL's signatory airlines increased by \$1.5 million (6.8%) due to an increase in international common use area rate charges in fiscal year 2025.

Non-Airline Revenues

- Parking revenue in fiscal year 2025 increased by \$12.2 million (18.6%) from fiscal year 2024 due to construction related upgrades.
- Food/Beverage/Retail revenue increased \$7.5 million (16.9%) due to increases in passenger activity as well as entering into a new common use lounge agreement, which became effective in 2025.
- Rental car revenue increased \$898 thousand (4.0%) in fiscal year 2025 due to an increase in passenger activity.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
Management’s Discussion and Analysis (Unaudited)  
June 30, 2025

- Ground transportation revenue increased \$2.6 million (16.1%) due mainly to Transportation Network Company (“TNC”) revenue improving as a result of an increase in passenger traffic as well as an increase in the per trip fee charge.
- Other operating revenue, which consists of fixed based operator rents, cargo and hangar rentals, office space rental income, domestic gate-turn fees, advertising, catering, hotel, fuel flowage, utilities and other miscellaneous revenue, increased \$3.7 million (7.9%) due primarily to increases in cargo area, land and other terminal rentals in fiscal year 2025.

***Non-Operating Revenues***

Non-operating revenues, which consist of PFCs, CFCs, interest income, and federal and state grants for non-capital purposes, increased by \$7.5 million (4.5%) in fiscal year 2025. The following table presents a comparative summary of non-operating revenues by source for fiscal year 2025 and fiscal year 2024, followed by explanations of changes in these categories between years.

**Non-Operating Revenues**  
(amounts expressed in thousands)

	<b>Fiscal Year 2025</b>	<b>Fiscal Year 2024</b>	<b>Dollar Increase (Decrease)</b>	<b>Percentage Increase (Decrease)</b>
<b>Non-operating revenue</b>				
Passenger Facility Charges	\$ 59,987	\$ 58,978	\$ 1,010	1.7%
Customer Facility Charges	28,919	28,026	893	3.2%
Interest income	65,004	67,570	(2,566)	(3.8)%
Lease interest revenue	5,445	6,086	(641)	(10.5)%
Operating grants	13,533	4,670	8,863	189.8%
Other non-operating	2,278	2,331	(53)	2.3%
<b>Total non-operating revenue</b>	<b>\$ 175,165</b>	<b>\$ 167,659</b>	<b>\$ 7,506</b>	<b>4.5%</b>

- PFCs increased by \$1.0 million (1.7%) due to an increase in enplanements.
- CFCs increased by \$893 thousand (3.2%) due to an increase in deplanements and an increase in demand for car rentals. In addition, there was a 3.0% increase in the number of car rental transactions in fiscal year 2025 when compared to fiscal year 2024.
- Interest income decreased by \$2.6 million (3.8%) in fiscal year 2025 largely due to a \$2.3 million change in federal arbitrage payable and a \$175 thousand change in market value allowance.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
Management’s Discussion and Analysis (Unaudited)  
June 30, 2025

---

- Lease interest revenue decreased \$641 thousand (10.5%) due to recognition of interest revenue on leases as a result of GASB 87 implementation.
- Grants from other governments for non-capital purposes (operating grants) increased by \$8.9 million (189.8%), due to the receipt of funds for the final American Rescue Plan Act (“ARPA”) reimbursement.

**Expenses**

Total Airport expenses result from a wide range of services both operating and non-operating. Operating expenses include wages, benefits, purchased services, materials and supplies, and other operating expenses, which account for 62.2% of total expenses; and depreciation and amortization, which account for 25.0% of total expenses. Non-operating expenses make up the remaining 12.8%, which includes debt service interest and other non-operating expenses.

The table below presents the major components of expense for fiscal year 2025 and fiscal year 2024, followed by an explanation of changes in these components.

<b>Total expenses</b>	<u>\$ 503,388</u>	<u>\$ 455,957</u>	<u>\$ 47,429</u>	<u>10.4%</u>

***Operating Expenses***

Operating expenses increased by \$37.5 million (9.4%) in fiscal year 2025 and are comprised of the following:

- Personnel services and employee benefits increased by a net total of \$12.0 million (9.3%) in fiscal year 2025 due to several factors including increases in staffing levels, salaries, overtime compensation, and pension obligations.
- Purchase of services increased by \$18.5 million (13.6%) in fiscal year 2025 mainly due to increases in architectural and engineering services, repairs and maintenance charges, rents, professional consulting services, commercial off-shelf computer software, expense reclassifications and utilities. The increases were offset by decreases in accounts payable accruals, ground and building rentals, computer hardware - maintenance and support and reimbursements.
- Materials and supplies/equipment increased \$959 thousand (10.6%) due to an increase in purchases of various supplies, including an increase in vehicle expenditures.
- Other operating expenses decreased by \$783 thousand (10.3%) in fiscal year 2025 due to decreases in indemnities and taxes.

---

**CAPITAL ASSETS AND CONSTRUCTION**

**Capital Development**

The Airport maintains an ongoing Capital Development Program (“CDP”) that addresses future development needs, as well as repair and maintenance of existing facilities. The Airport’s CDP contains approximately \$1.8 billion in capital development projects, of which about \$586.9 million was spent through the end of fiscal year 2025. The CDP focuses on terminal development and rehabilitation, airfield improvements and pavement rehabilitation, apron improvements, land acquisition, ground transportation projects, security and information technology enhancements, support facilities, and improvements at PNE.

As of fiscal year 2025, the Airport had capital assets of \$2.5 billion (net of depreciation) comprised mostly of runways, taxiways, and other land improvements, as well as terminal, maintenance buildings, and other structures net of any related accumulated depreciation. For fiscal year 2025, the balance in construction in process was \$473.8 million.

Some of the major projects underway during fiscal year 2025 include the following:

(in millions)

\$140.0	Restroom Renovation Program, Phases 5-8
130.0	Taxiway S Reconstruction
60.0	Terminal D&E Checkpoint Curtain Wall Replacement
55.0	Terminal D/E Baggage Makeup Expansion
35.4	Terminal Energy Optimization Program
25.0	Runway 9R-27L Improvements
15.4	PNE Taxiway C Rehabilitation
15.0	Video Surveillance System Upgrade, Phase 2b
7.0	Fort Mifflin

Some of the recently completed design and construction projects during fiscal year 2025 include the following:

(in millions)

\$20.3	Emergent Substations
17.5	A-West Thermal Plant Cooling Tower Upgrade
15.0	Runway 8-26 Installation of Engineered Material Arresting System
3.8	Ramp B Tower Demolition & Infill

Additional information regarding the Aviation’s capital assets can be found in Note 3 in the Notes to Financial Statements, as well as on the Airport’s website at: <https://www.phl.org/about/cdp>.

June 30, 2025

**DEBT ADMINISTRATION**

As of June 30, 2025, the Airport’s total outstanding debt was \$1.6 billion which is essentially unchanged when compared to the Airport’s fiscal year 2024 total. While the Airport drew additional proceeds through its commercial paper program, there were also repayments of both commercial paper notes and its taxable airport revenue notes. Additional information about the Airport’s debt is found in Exhibits S-14 through S-16 in the Statistical Section and in the Footnotes Section under Footnote 8.

Management’s Discussion and Analysis (Unaudited)  
June 30, 2025

---

Credit Ratings: The Airport’s revenue bonds are rated A+ with a stable outlook by S&P Global Ratings (“S&P”); A+ with a stable outlook by Fitch Ratings; and A1 with a stable outlook by Moody’s.

**Commercial Paper Program**

In December 2024, the Airport increased its Commercial Paper (“CP”) program to \$500.0 million from \$350.0 million to provide funding for capital projects. CP is a short-term financing tool with a maximum maturity of 270 days. The Airport’s CP Program enables capital projects to be financed on an as needed basis; lower the Airport’s cost of borrowing, as amounts drawn can be closely matched to capital cash flow requirements; and limit negative arbitrage during the construction period for projects. CP notes will continue to be rolled over until long-term bonds are issued to refund outstanding CP. As of June 30, 2025, the Airport had drawn \$332.3 million of CP.

**Direct Purchase Federally Taxable Loan**

In 2017, the Airport issued \$125.0 million of Airport Revenue Bond Series 2017 (Direct Purchase Federally Taxable Loan), which was purchased by PNC Bank, NA, for the purpose of providing funds which, together with other available monies, were used for some or all of the following: (i) to refund a portion of commercial paper notes issued by the City; (ii) the acquisition of land for the Airport System; (iii) other capital financing needs of the Airport System; and (iv) paying the costs of issuing the Taxable Bond. This loan was subject to optional tender in full on April 26, 2022, but was extended with PNC Bank, NA, prior to the original optional tender date, for the remaining amount of \$110.2 million of Airport Revenue Bonds Series 2017 with a new amended optional tender date on June 13, 2025. The Airport partially refunded a portion of the loan and the remaining amount of \$63.8 million was again amended with a new optional tender date of June 13, 2028.

**Rate Covenant**

The table below - “Summary of Project Revenues and Expenses,” presents the calculation of Airport Revenue Bond debt service coverage (“Rate Covenant Test 1”) and total debt service coverage (“Rate Covenant Test 2”) in accordance with Section 5.01 of the Amended and Restated General Airport Revenue Bond Ordinance (“GARBO”).

Rate Coverage Test 1 requires the Airport to maintain debt service coverage of not less than 1.50x and Rate Covenant Test 2 requires debt service coverage of not less than 1.0x. Debt service coverage is calculated based on a formula in GARBO. Historically, the Airport has maintained a coverage ratio significantly higher than its requirement. During fiscal year 2025, the Airport’s debt service coverage for Test 1 was 4.50x and Test 2 was 3.74x.

**RATES AND CHARGES**

The annual budget for the Airport is prepared in compliance with the requirements of the Airline Agreement and GARBO. This budget is prepared on a non-GAAP basis and excludes depreciation and certain non-operating revenues, which are specifically not included in the Agreement and GARBO.

In addition to the budgeting of operating expenses and non-airline revenues, the Airport annually establishes airline terminal rentals and landing fees each fiscal year based on the rate-setting

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
Management’s Discussion and Analysis (Unaudited)  
June 30, 2025

---

methodology set forth in the Airline Agreement. The airlines are consulted with regard to the rates to be established no later than thirty (30) days prior to the beginning of a fiscal year. The following table presents a comparison of actual-to-budget airline rates for fiscal year 2025.

	Actual Fiscal Year 2025	Budget Fiscal Year 2025	Percent Increase (Decrease)
Average Terminal Rental Rate per Square Foot	\$ 232.93	\$ 224.33	3.8%
Ramp Area Rental Rate per Linear Foot	34.70	39.31	-11.7%
Landing Fee Rate per 1,000 Pounds	4.01	4.60	-12.8%

Overall, actual rates for fiscal year 2025 were higher than budgeted primarily due to better-than-expected non-airline revenues and airline activity.

Additional information about the Airport’s rates can be found on Exhibit S-13 in the Statistical Section.

**REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the Airport’s finances and to demonstrate the City’s accountability for the funds it receives and disburses. **1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Operations

The Aviation Fund is a proprietary fund of the City of Philadelphia (the “City”). It was created and authorized as part of the Fiscal 1974 Operating Budget Ordinance approved by City Council on June 7, 1973, with an effective date of July 1, 1973. This fund was established to facilitate administrative and financial operations necessary to maintain, improve, repair, and operate Philadelphia International Airport (“PHL”) and Northeast Philadelphia Airport (“PNE”), collectively the “Airport.” The financial statements presented are for the Aviation Fund only and are not intended to present fairly the financial position of the City of Philadelphia as a whole or the results of its operations and cash flows. The annual comprehensive financial report of the City of Philadelphia provides complete financial information as to the City and its component units.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they are earned, and expenses are recognized at the time obligations are incurred.

Private sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government wide and the proprietary fund financial statements to the extent that they do not conflict or contradict guidance of the Governmental Accounting Standards Board (“GASB”). Governments also have the option of following subsequent private sector guidance for their business type activities and enterprise funds. The City has elected not to follow subsequent private sector guidelines.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s ongoing operations. The principal operating revenue of the Aviation Fund is charges for the use of the airport. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

New Accounting Pronouncements – Adopted

In June 2022, **GASB issued Statement No. 101, Compensated Absences**. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures.

In December 2023, **GASB issued Statement No. 102, Certain Risk Disclosures**. The objective of this Statement is to provide users of government financial statements with

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints.

New Accounting Pronouncements – To Be Adopted:

In April 2024, **GASB issued Statement No. 103, Financial Reporting Model Improvements**. The objective of this statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues.

In September 2024, **GASB issued Statement No. 104, Disclosure of Certain Capital Assets**. The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets.

In December 2025, **GASB issued Statement No. 105, Subsequent Events**. The primary objective of this Statement is to improve the financial reporting requirements for subsequent events, thereby enhancing consistency in their application and better meeting the information needs of financial statement users.

The new standards must be adopted as follows:

GASB Statement No. 103 - Effective July 1, 2025 for financial statements for fiscal year ending June 30, 2026.

GASB Statement No. 104 - Effective July 1, 2025 for financial statements for fiscal year ending June 30, 2026.

GASB Statement No. 105 - Effective July 1, 2026 for financial statements for fiscal year ending June 30, 2027.

The effect of these statements has not yet been determined.

Cash and Investments

The Aviation Fund's cash and investments are held in segregated operating and capital accounts and by an outside fiscal agent. Sinking funds and reserves are maintained in segregated investment accounts to comply with reserve and other requirements of the bond covenants. No Aviation Fund accounts are comingled with other City funds.

Investments are recorded at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national or international exchanges are valued at the last reported sales price. The fair value of real estate investments is based upon independent appraisals. Investments which do not have an established market are reported at estimated fair value.

For purposes of the Statement of Cash Flows, all cash and investments held by the City Treasurer are considered cash equivalents because those funds are available on demand.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

Statutes authorize the City to invest in obligations of the U.S. Treasury, agencies, and instruments of the United States, repurchase agreements, collateralized certificates of deposit, bank acceptance or mortgage obligations, certain corporate bonds, and money market funds. Management is not aware of any violations of statutory authority or contractual provisions for investments for the year ended June 30, 2025.

Accounts Receivable

Accounts receivable included in current assets consists of billed and unbilled rentals and fees, which have been earned but not collected as of June 30, 2025 and 2024. Credit balance receivables have been included in unearned revenue in the Statement of Net Position. The allowance for doubtful accounts is management's estimate of the amount of accounts receivable which will be deemed to be uncollectible and is based upon specific identification. Unpaid accounts are referred to the City's Law Department if deemed uncollectible. Accounts are written-off when recommended by the Law Department.

Inventories

Inventories consist of materials and supplies and are carried at amounts determined on a moving-average cost basis.

Restricted Assets

Restricted assets represent amounts that have been legally restricted by contracts or outside parties and are not available for payment of operating fund expenditures. The following represent restricted assets of the Aviation Fund:

- Funds available for construction, including grants due from other governments for capital purposes.
- Sinking funds and reserves held by the Airport's fiscal agent are reserved for debt service and construction, pursuant to revenue bond indentures.
- Passenger Facility Charges ("PFC") represent fees remitted by airlines based on passenger ticket sales for flights boarding at Philadelphia International Airport. The fees are reserved for funding certain Federal Aviation Administration ("FAA") approved capital projects and debt service payments. Collection of PFCs began in the fall of 1992. All unexpended PFC funds, including accumulated interest, are classified as restricted assets.
- Customer Facility Charges ("CFC") represent fees collected by rental car operators from customers renting motor vehicles at Philadelphia International Airport. CFCs are not to exceed \$8 per rental day. The proceeds are to be used for the planning, development, financing, construction, and operation of a consolidated rental car facility. Collections of CFCs began in May 2014. All unexpended CFC funds, including accumulated interest, are classified as restricted assets.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

Capital Assets

Capital assets are defined by the GASB as including “land, improvements to land, easements, buildings, building improvements, vehicles, machinery, equipment, works of art and historical treasures, infrastructure, and all other tangible or intangible assets that are used in operations that have initial useful lives extending beyond a single reporting period.”

- Land is always treated separately from any related capital asset associated with it (i.e.: a building on the land, a runway on the land, etc.). The cost of the land includes its acquisition price and the cost of preparing the land for its intended use. Included in preparation costs are commissions, professional fees, permanent landscaping, demolition of existing buildings, and other costs incurred in acquiring the land.
- Intangible capital assets lack physical substance and can be expected in many cases to provide benefit indefinitely. An example of an intangible capital asset is software that was developed in-house.
- Buildings and building improvements are permanent structures included in the category of buildings. Building improvements increase the value of the building and/or materially extend the useful life of the building. If the improvement does not meet these conditions, those costs are expensed in the period incurred. Repairs and maintenance are examples of items expensed because they help to retain value and do not increase the value of the asset.

The capitalized cost of buildings consists of purchase price, expenses related to making the building ready for use, environmental compliance costs, professional fees, taxes paid at the time of purchase, and other costs required to place the asset into operation.

Capital assets are recorded at cost, which does not include interest incurred as a result of financing asset acquisition or construction. After adoption of GASB No. 89, interest cost incurred before the end of a construction period is recognized as an expense in the period in which the cost is incurred. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset.

Cost of construction for capital assets includes all direct contract costs plus overhead costs. Constructed buildings include cost of excavation, grading or filling; expenses incurred for the plan preparation; specification; blueprints; permits and professional fees; and costs of temporary buildings used during construction. Costs are expensed if a decision is made to not proceed with the construction of a building.

Building improvements may include conversion of unused space into usable space, original installation or upgrading of heating and cooling systems, wall or flooring coverings, windows and doors, closets, restrooms, phone and closed circuit television systems, security systems, wiring required for building equipment (that will remain in the building), renovations of outside building surfaces (including roofs, installation or

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

replacement of plumbing and electrical wiring), permanently attached fixtures, machinery, building additions, and costs associated with the above improvements.

Building repairs and maintenance that do not increase the value of the building or extend its useful life are to be expensed. Examples of such costs may include plumbing or electrical repairs, maintenance such as pest control and cleaning, interior and exterior decorations, repainting and repairing of interior and exterior portions of buildings, and any other repairs and maintenance costs that do not increase the value or extend the useful life of the asset.

- Vehicles and equipment are defined as movable tangible assets used in operations. This includes general-use, firefighting, and snow removal vehicles and related equipment, computer equipment, furniture and fixtures, and other moveable equipment.
- Infrastructure assets are long-lived capital assets that are normally stationary and can be preserved for a significantly greater number of years than most capital assets. Infrastructure includes, but is not limited to runways, taxiways, aprons, ramps, roads, sidewalks, signage, drainage systems, water and sewer systems, and lighting systems.
- Construction-in-progress includes costs incurred to construct a capital asset before it is substantially ready to be placed in service. At the time of being placed in service, the asset will be reclassified into the appropriate asset category and be subject to depreciation.
- The following Depreciation Guidelines were used in the Aviation Fund’s fiscal year 2025 financial statements:

Capital assets that are not depreciated because they have indefinite useful lives are land, works of art, historical treasures, and intangibles.

If a capital asset has a determinable and significant salvage value, that value is not included in the depreciable value to be depreciated over the useful life of the asset.

All depreciable capital assets are expensed using the straight-line method over the following useful lives of the assets and if these thresholds are met.

<u>Asset Category</u>	<u>Life of Asset</u>	<u>Threshold</u>
Land	Not Depreciated	None
Intangibles	Not Depreciated	None
Buildings	20 - 50 Years	\$100,000
Building Improvements	10 - 25 Years	\$100,000
Equipment	5 - 15 Years	\$10,000
Vehicles	5 - 10 Years	\$10,000
Infrastructure	20 - 50 Years	\$100,000

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

It is the policy of the Airport that a half-year of depreciation is recorded in the year that the asset is acquired or placed in service.

Unearned Revenue

Unearned revenue relates primarily to excess billings to signatory airlines and advance payments received from air carriers. Such deferrals are ultimately included in income when earned, usually during the following fiscal year.

Revenues

*Operating revenues* consist of the following:

- Airline revenue – payments by PHL’s signatory carriers and include rents, landing fees, and per passenger fees.
- Non-airline revenue – all other operating revenues that do not qualify as airline revenue. These include concession fees, other rents, utilities, and other operating revenue.

*Non-operating revenues* consist primarily of the following:

- Grants from other governments for non-capital purposes.
- Interest income.
- PFCs – revenue from PFC collections is reserved for the funding of certain capital expenditures and debt service payments, as approved by the FAA.
- CFCs – revenue from CFC collections is reserved for the funding of certain capital expenditures and will be used to plan, design, and construct a facility to be used by vehicle rental companies on Airport property.

*Capital contributions* consist of the following:

- Grants from other governments for capital purposes.

Operating Expenses

Operating expenses consist primarily of personnel and administrative services, purchase of goods and services and depreciation and amortization expense.

Bonds and Related Premiums, Discounts, Issuance Costs and Loss on Refunding

Bond premiums and discounts are deferred and amortized on the straight-line method over the life of the bonds using the effective interest method. Bonds payable are reported net of applicable premium or discount. Bond issuance costs are expensed as incurred. The loss on refunding of bonds is amortized on the straight-line method over the lesser of the life of the old debt or the new debt issued.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

Deferred Outflows/Inflows of Resources and Net Position

In accordance with GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, deferred outflows of resources are reported in the Statement of Financial Position in a separate section following Assets. Similarly, deferred inflows of resources are reported in the Statement of Financial Position in a separate section following Liabilities.

Deferred Outflows of resources represents consumption of net position that applies to a future period(s) and will not be recognized as an expenditure/expense until that time. Deferred Inflows of resources represent an acquisition of net position that applies to future periods and will not be recognized as revenue until that time.

On the full accrual basis of accounting, the components of deferred outflows of resources and deferred inflows are as follows:

- Derivative instruments are reported for the changes in fair value.
- Deferred refunding results from the difference in the refunding of debt and its reacquisition price.
- Deferred pension transactions are recognized as an expense or revenue in a future period.
- Deferred outflows of resources and deferred inflows of resources related to OPEB.
- Deferred inflow of resources related to leasing activities as a lessor.

Compensated Absences

It is the City's policy to allow employees to accumulate earned but unused vacation and sick leave benefits. Vacation is accrued when earned. Sick leave is accrued based on an estimate of future payouts.

Claims and Judgments

Pending claims and judgments are recorded as when the City Solicitor has deemed that a probable loss to the City has occurred. Claims and judgments are recorded as expenditures when paid or when judgments have been rendered against the City.

Leases

The Airport is a lessee for various leases of land, buildings, and equipment. The Airport recognizes a lease liability and an intangible right-to-use asset in its financial statements.

At the commencement of a lease, the Airport initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

The Airport determines (1) the discount rate it uses to discount the expected lease payment to present value, (2) lease term, and (3) lease payments.

- The Airport uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the Airport generally uses its estimated incremental borrowing rate as the discount for leases.
- The lease term includes the non-cancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the Airport is reasonably certain to exercise.

The Airport monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and its liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the Statements of Net Position.

Lessor: The Airport is a lessor for various leases of land and buildings. The Airport recognizes a lease receivable and deferred inflows of resources in the financial statements.

At the commencement of a lease, the Airport initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

The Airport determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The Airport uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the non-cancellable period of the lease. Lease receipts included in the measurement of the lease receivable are composed of fixed payments from the lessee.

The Airport monitors changes in circumstances that would require a remeasurement of its leases and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

#### Management's Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**2. DEPOSITS AND INVESTMENTS**

For the fiscal year ended June 30, 2025, cash and cash equivalents, and investments (deposits) are included in the financial statements in current and restricted cash and cash equivalents, in investments (deposits), in sinking funds and reserves held by fiscal agents, and in cash held by fiscal agent.

Deposits

State statutes require banks to collateralize City deposits at amounts equal to or in excess of the City’s balance. Such collateral is to be held by the Federal Reserve Bank or the trust department of a commercial bank other than the pledging bank. All collateralized securities were held in the City’s name.

Investments

The City has established a comprehensive investment policy that covers all funds except those funds that have a separate investment policy designed to meet the long-term goals of that respective fund. The City’s investment portfolio is managed to accomplish preservation of principal, maintenance of liquidity and maximize the return on the investments.

All City investments must be in compliance with the applicable provisions of the City Code and City bond resolutions, as well as the City’s Investment Policy. The City’s Investment Policy is meant to supplement the applicable provisions of the City Code and bond resolutions and is viewed and adopted by the City’s Investment Committee.

As of June 30, 2025, the fair value of the Aviation Fund’s holdings consisted of the following:

	Fair Value	% of Total
Short-Term Investment Pools	\$ 101,602,067	7.4%
U.S. Government Securities	730,490,586	53.0%
U.S. Government Agency Securities	2,220,300	0.2%
Commercial Paper	315,435,687	22.9%
Corporate Bonds	219,275,005	15.9%
Municipal and Other Debt Securities	10,078,055	0.7%
	\$ 1,379,101,699	100.0%

*Interest Rate Risk:* Interest rate risk is the risk that an investment’s value will change due to a change in the absolute level of interest rates, in the spread between the two rates, in

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

the shape of the yield curve or in any other interest relationship. Such changes usually affect securities inversely and can be reduced by diversifying or hedging. To limit its exposure to fair value losses from rising interest rates, the City’s investment policy limits fixed income investments to maturities of no longer than two years, except in Sinking Fund Reserve Portfolios.

As of June 30, 2025, the maturities of holdings were as follows:

	Less Than 1 Year	1 to 3 Years
Commercial Paper	\$ 315,435,687	\$ -
U.S. Government Security	444,154,127	286,336,459
U.S. Government Agency Securities	2,220,300	-
Municipal Debt	9,977,132	100,923
Corporate Bonds	112,407,642	106,867,363
	\$ 884,194,888	\$ 393,304,745

*Fair Value Measurement:* The City measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability
- Level 3: Unobservable inputs for assets or liabilities

The Airport has the following recurring fair value measurements as of June 30, 2025:

- U.S. Treasury securities of \$730.5 million are valued using quoted prices from active markets (Level 1).
- U.S. Agency securities of \$2.2 million are valued using quoted prices for identical securities traded in active markets when sufficient activity exists (Level 2).
- Commercial Paper securities of \$315.4 million are valued using quoted prices for identical securities in markets that are not active and via matrix pricing models (Level 2).
- Corporate Bond securities of \$219.3 million are valued using quoted prices for similar securities in active markets and via matrix pricing models (Level 2).

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

- Municipal Debt/Other securities of \$10.1 million are valued at using quoted prices for identical securities in markets that are not active and via matrix pricing models (Level 2).

The Airport's short-term investment pools of \$101.6 million are valued at the published amortized cost-based net asset value per share/unit. There are no limitations or restrictions on withdrawals.

*Credit Risk:* Credit risk is the risk that an insurer or other counter party to an investment will not fulfill its obligation. The City's policy to limit credit risks is to limit the types of allowable investment, as well as the maximum percent of the portfolio for each type of investment.

The City's investment in U.S. Government securities or U.S. Government Agency obligations are allowable investments up to 100% of the portfolio.

The City's investment in Commercial Paper is limited to 30% of the portfolio and must be rated A1+ by S&P or P1 by Moody's Investors Services, Inc. (Moody's) and the senior long-term debt of the issuer must not be rated lower than A by S&P Global Ratings ("S&P") or A2 by Moody's. All commercial paper investments meet the criteria.

The City's investment in corporate bonds is limited to 30% of the portfolio and had an S&P rating of AAA to AA or Moody's rating of Aa2 or better. All corporate investments meet the criteria.

Short-term investment pools are rated AAA by S&P and Aaa by Moody's Investor Services. The short-term investment pools' amortized cost-based net asset value per share/unit is the same as the value of the pool shares. Cash accounts are swept nightly and idle cash is invested in money market funds (short-term investment pools).

*Foreign currency risk:* Foreign Currency Risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or deposit. The City limits its foreign currency risk by investing in certificates of deposit and banker's acceptances issued or endorsed by non-domestic banks that are denominated in U.S. dollars, providing that the banking institution has assets of not less than \$100 million. At the end of the fiscal year, the City did not have any investments of that nature.

To minimize custodial risk, the City's policy is to select custodian banks that are members of the Federal Reserve System to hold its investments. Delivery of the applicable investment documents to the City's custodian is required for all investments.

*Custodial Credit Risk:* Custodial credit risk is the risk in the event of a bank failure; the City's deposits may not be returned to it. To minimize custodial credit risk, the City's policy is to select custodian banks that are members of the Federal Reserve System to hold its investments. Delivery of the applicable investment documents to the City's custodian is required for all investments.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

**3. CAPITAL ASSET ACTIVITY**

Capital Assets, which include property, plant, equipment, and infrastructure assets, are defined by the Airport as assets with an initial individual cost of more than \$10,000 for personal property and \$100,000 for fixed assets, as well as an estimated useful life in excess of three years. Capital assets are recorded at cost. Costs recorded do not include interest incurred as a result of financing asset acquisition or construction. General maintenance and repair costs are charged to operations.

The Airport transfers Construction-in-Progress to one or more of the major asset classes: (1) when project expenditures are “substantially complete”; (2) when the expenditures are for existing facilities; or (3) when they relate to specific identifiable items completed during the year which were part of a larger project. A portion of bond interest expense net of related interest income on unexpended funds is capitalized during the construction phase of the projects funded by the bonds.

Depreciation on the capital assets is provided on the straight-line method over their estimated useful lives. Depreciation and amortization expenses were \$125,874,382 for the fiscal year ending June 30, 2025.

The following tables present the changes in capital assets for fiscal year 2025.

	Balance FYE 06/30/2024	Additions	Deletions	Balance FYE 06/30/2025
<b>Non-depreciable assets</b>

**4. UNEARNED REVENUE**

Unearned revenue was \$46,063,400 for the fiscal year ending June 30, 2025, and includes revenues received in advance, excess billing to the scheduled airlines, and credit balance receivables.

**5. ARBITRAGE REBATE**

The Aviation Fund has several series of revenue bonds subject to federal arbitrage requirements. Federal tax legislation requires that the accumulated net excess of interest income on the proceeds of these issues over interest expense paid on the bonds be paid to the federal government at the end of a five-year period. The Airport's arbitrage rebate liability was \$2,318,263 as of June 30, 2025.

**6. DERIVATIVE INSTRUMENTS AND INTEREST RATE SWAP**

Beginning in fiscal year 2010, the City adopted the provisions of GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*. There are no derivative instruments outstanding for the Aviation Fund as of June 30, 2025.

**7. COMMERCIAL PAPER NOTES**

The Aviation Fund established a commercial paper ("CP") program. CP is a short-term financing tool with a maximum maturity of 270 days and a maximum outstanding balance of \$500 million. The Airport's CP Program enables capital projects to be financed on an as-needed basis; lowers the Airport's cost of borrowing, as amounts drawn can be closely matched to capital cash flow requirements; and limits negative arbitrage during project construction periods. Outstanding CP Notes are "rolled over" until long-term bonds are issued to refund the outstanding commercial paper. As of June 30, 2025, the Aviation Fund had outstanding letters of credit of 332.3 million and unused letters of credit equal to \$167.7million related to the CP program.

As of June 30, 2025, the total outstanding balance of CP notes was \$332,300,000.

Balance as of July 1, 2024	\$ 202,843,000
Commercial Paper Notes Issued	1,066,986,000
Commercial Paper Notes Refunded	<u>(937,529,000)</u>
Balance as of July 1, 2025	\$ 332,300,000

**8. BONDS PAYABLE**

In June 2005, Airport Revenue Refunding Bonds, Series 2005C in the amount of \$189.5 million were issued. The proceeds of Series 2005C were used to refund \$183.9 million of the 1995A Series Airport Revenue Bonds, maturing from 2006 through 2025, and to pay issuance and insurance costs on the bonds. The cash flow required by the new bonds was the same as the cash flow required by the refunded bonds at the time of the sale. JPMorgan entered into a swaption agreement with the Airport on the 1995A bonds in 2002, which was exercised June 15, 2005. In December 2008, the outstanding balance of \$178.6 million of Airport Revenue Refunding Bonds, Series 2005C was remarketed under an irrevocable direct pay letter of credit (“LOC”) from TD Bank. The LOC replaces a bond insurance policy from MBIA Insurance Corporation and a liquidity facility for the 2005C bonds provided by JP Morgan Chase Bank, N.A., pursuant to a standby bond purchase agreement, issued simultaneously with the issuance of the 2005C bonds in June 2005, and the surety policy for the sinking fund reserve account for the 2005C bonds. The bonds have a weekly interest rate and maturity date in 2025.

In August 2015, Airport Revenue Refunding Bonds, Series 2015A were issued in the amount of \$97.8 million. The proceeds of Series 2015A were used to refund Revenue Bonds, Series 2005A and pay the costs of issuance of the Bonds. The refunding structure of the 2015A bonds realized a net present value savings of approximately \$9.3 million or 8.75% of the principal amount of the refunded bonds.

In December 2017, Airport Revenue and Refunding Bonds, Series 2017 were issued in the amount of \$692.5 million. The Series 2017A bonds (Non-AMT), totaling \$138.6 million, were issued as serial bonds in the amount of \$97.6 million with interest rates ranging from 3.125% to 5%, maturing in 2037, and term bonds in the amounts of \$16.0 million and \$25.1 million with interest rates of 5% and maturing in 2042 and 2047, respectively. The Series 2017B bonds, totaling \$553.9 million, were issued as serial bonds in the amount of \$334.9 million, with interest rates of 5% and maturing in 2037, and term bonds in the amounts of \$85.2 million and \$133.8 million with interest rates of 5% and maturing in 2042 and 2047, respectively. The proceeds of these bonds were used to: (i) currently refund certain outstanding commercial paper notes, (ii) pay for a portion of the costs of the 2017 Capital Project, (iii) currently refund all of the City’s outstanding Airport Revenue Bonds, Series 2007A, and all of the City’s outstanding Airport Revenue Refunding Bonds, Series 2007B, and a portion of the 2017B Bonds proceeds will be used to currently refund all of the City’s outstanding Airport Revenue Refunding Bonds, Series 2009A, (iv) provide for capitalized interest on a portion of the 2017 Bonds, (v) fund a deposit to the Parity Sinking Fund Reserve Account, and (vi) pay the costs of issuance of the 2017 Bonds.

In October 2020, the City issued Airport Refunding Bonds, Series 2020A, B, & C in the original principal amount of \$389.2 million. The 2020A Bonds were issued for the purpose of providing funds, together with other available moneys, to: (i) refund all of the outstanding 2010A Airport Revenue Bonds, and (ii) pay the cost of issuance of the 2020A

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

Bonds. The 2020B Bonds were issued for the purpose of providing funds to (i) refinance certain outstanding Commercial Paper Notes, and (ii) pay the cost of issuance of the 2020B Bonds. The 2020C Bonds were issued for the purpose of providing funds to (i) refund all of the outstanding Series 2010D Airport Revenue Bonds, (ii) refinance certain outstanding Commercial Paper Notes, and (iii) pay the cost of issuance of the 2020C Bonds. The fiscal year 2021 Airport Refunding Bonds, Series 2020A, B, & C liability of \$389.2 million is reflected in the City’s financial statements as Long-Term Obligation.

In July 2021, the City issued \$302.0 million of Airport Revenue and Refunding Bonds Series 2021 Bonds to refund the outstanding Series 2011A and 2011B Bonds in the amount of \$149.8 million and to pay the costs of issuing the Series 2021 Bonds. The Series 2021 Bonds were issued for the purpose of providing funds, together with other available moneys, to (i) fund a deposit to the Project Fund to finance certain capital projects, (ii) finance capitalized interest on a portion of the Series 2021 Bonds, (iii) refund all or a portion of the City’s Outstanding Airport Revenue Refunding Bonds, Series 2011, consisting of the Series 2011A (AMT) Bonds (the “2011A Bonds”) and the Series 2011B (AMT) Bonds (the “2011B Bonds” and together with the 2011A Bonds, the “Refunded Bonds”), (iv) pay the costs of the bond insurance policy and (v) pay the costs of issuance of the Series 2021 Bonds. The issuance of the 2021 Bonds deposited \$200 million to the Airport Capital Fund to finance certain capital projects. The total proceeds of the 2021 Bonds were \$371.0 million (which includes a premium of \$69.0 million). The interest rates of the bonds that were refunded ranged from 3.750% to 5.000%. The interest rates of the newly issued bonds range from 4.000% to 5.000%. The transaction resulted in a total savings to the City of \$29.3 million over the next 10 years, the economic gain was \$26.7 million.

The amount of debt service payable for revenue bonds to maturity is as follows:

Fiscal Years Ending June 30	Principal	Interest	Total Debt Service
2026	77,640,000	57,205,169	134,845,169
2027	82,540,000	53,206,669	135,746,669

**AVIATION FUND**  
*Notes to Financial Statements*

The early extinguishment of debt can result in a gain or loss on refunding, representing the difference between the reacquisition price, plus or minus unamortized premium or discount, and the amount of debt extinguished. The resulting gain or loss is amortized annually over the life of the refunded bonds and reflected in the Deferred Inflows or Outflows section on the Statement of Net Position.

Total interest costs for fiscal year 2025 were \$61.1 million, all of which were recorded as non-operating expense.

Type of Debt	Authorized and Issued	Included in Current Liabilities	Portion Due After 30-Jun-25	Total Outstanding Bonded Debt	Final Maturity	Interest Percentage Rate

**9. DIRECT PURCHASE FEDERALLY TAXABLE LOAN**

In April 2017, the Airport issued \$125.0 million of Airport Revenue Bond Series 2017 (Direct Purchase Federally Taxable Loan), which was purchased by PNC Bank, NA, for the purpose of providing funds which, together with other available moneys, were used for some or all of the following: (i) to refund a portion of commercial paper notes issued by the City; (ii) the acquisition of land for the Airport System; (iii) other capital financing needs of the Airport System; and (iv) paying the costs of issuing the Taxable Loan. This loan was subject to optional tender in full on April 26, 2022. In December 2021, the City renegotiated with PNC Bank to extend the optional tender date to June 2025. As part of this extension, the interest rate was revised from the 2.797% to 1.513%. As part of the closing, the City was required to pay PNC Bank a “make whole” termination payment of \$656,148, which is equal to the interest PNC Bank would forego by lowering the interest rate. The Airport partially refunded a portion of the loan and the remaining amount of \$63.8 million was again amended with a new optional tender date on June 13, 2028.

Ending June 30	Principal	Interest	Debt Service
2026	1,745,000	2,586,799	4,331,799
2027	1,810,000	2,600,686	4,410,686
2028	60,260,000	2,610,555	62,870,555
Totals	\$ 63,815,000	\$ 7,798,041	\$ 71,613,041

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

**10. FUND BALANCES**

The following is a description of the restrictions for all net position categories of the Airport:

- *Net Investment in Capital Assets* reflects the investment in fixed assets net of accumulated depreciation and reduced by outstanding debt related to expended bond proceeds.
- *Restricted for Capital Projects* reflects the unexpended funds from bond and CP proceeds, CFCs and PFCs, which are reserved for construction of capital projects, offset by outstanding debt related to unexpended bond proceeds.
- *Restricted for Debt Service* reflects the unexpended funds from bond proceeds and PFCs, which are reserved for repayment of debt.
- *Unrestricted* reflects net position available for current and future operations.

**11. DEFERRED COMPENSATION PLAN**

The City offers its employees a deferred compensation plan in accordance with Internal Revenue Code section 457. As required by the Code and Pennsylvania laws in effect at June 30, 2014, the assets of the plan are held in trust for the exclusive benefit of the participants and their beneficiaries. In accordance with GASB Statement No. 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*, as amended by GASB Statement No. 84 and GASB Statement No. 97, the Airport does not include the assets or activity of the plan in its financial statements.

The City of Philadelphia's deferred compensation plan (457 Plan) is considered a defined contribution plan for reporting purposes. Only employees participating in Pension Plan 10 and Plan 16 are eligible for the City match, and provided that any Plan 16 employee's annual salary is greater than the Stacked Hybrid Cap of \$65,000. The City will provide a match of 50% of employees' contribution up to a maximum of 1.5% of the employee's annual salary. These contributions from both the employee and employer are deposited in a trust account held and administered by a third-party. The accounts are held in the name of each employee and the employee has control over how the investments are managed, which investments to choose and when to withdraw investments. The City provides no guarantees on investment returns and has no liability to the plan beyond providing the match previously described. The employee contributions are immediately vested after five years of credited service. If the employee separates from service prior to completion of five years of Credited Service, the employee's City match will be forfeited. Any forfeitures of employer contributions are used to offset future employer contributions or plan costs. In FY 2025, the City Contributed \$1.7 million to the plan, net of any forfeitures.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

**12. OPERATING LEASES**

**The Airport as a Lessee**

A lease is defined as a contractual agreement that conveys control of the right to use another entity's non-financial asset, for a minimum contractual period of greater than one year, in an exchange or exchange-like transaction. The Airport leases and subleases a significant amount of nonfinancial assets such as land, buildings, equipment, and infrastructure. The related obligations are presented in the amounts equal to the present value of lease payments, payable during the remaining lease term. As the lessee, a lease liability and an associated lease asset are recognized in the Statement of Net Position.

The Airport has a variety of variable payment clauses, within its lease arrangements, which include payments dependent on indexes and rates (such as the Consumer Price Index and market interest rates), including variable payments based on future performance and usage of the underlying asset. Components of variable payments that are fixed in substance, are included in the measurement of the lease liability presented in the table below. The Airport did not incur expenses related to its leasing activities related to residual value guarantees, lease termination penalties or losses due to impairment. As a lessee, there are currently no agreements that include sale-leaseback and lease-leaseback transactions.

The Airport also enters into lease arrangements with third parties in which the Airport is a sublessee.

As of June 30, 2025, the Airport had minimum principal and interest payment requirements for its leasing activities, with a remaining term more than one year:

Lessee Activities (in \$000)			
Fiscal Year Ending	Principal	Interest	Total
June 30			
2026	\$ 178	\$ 226	\$ 404
2027	170	222	393
2028	174	219	393
2029	178	215	393
2030	182	211	393
2031-2035	969	996	1,964
2036-2040	1,078	887	1,964
2041-2045	1,199	766	1,964
2046-2050	1,333	631	1,964
2051-2055	1,483	482	1,964
2056-2060	1,649	315	1,964
2061-2065	1,834	130	1,964
2066	275	2	277
	\$ 10,701	\$ 5,303	\$ 16,004

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

**The Airport as a Lessor**

The Airport's most significant non-airline lease is with MarketPlace PHL, LLC, an entity responsible for the development and management of the food and retail program throughout Philadelphia International Airport. This award-winning food and retail program consists of approximately 148 shops, restaurants, retail carts and passenger services throughout Terminals A-West through F. The lease agreement provides for MarketPlace PHL, LLC to remit rents to the City in the form of total gross concession revenues, net of the concession management fee.

Additionally, as the lessor, the Airport leases and subleases Airport owned properties such as buildings, land, terminal concessions, and advertising space. The related receivables are presented in the Statement of Net Position for the amounts equal to the present value of lease payments expected to be received during the lease term. Revenue recognized under these lease contracts including interest, during the year ended June 30, 2025, was \$68.0 million. These amounts include variable payments not previously included in the measurement of the lease receivable.

The Airport's variable payments clause within its lease arrangements as the lessor, is similar to the arrangements made as lessee. The Airport did not incur revenue related to residual value guarantees or lease termination penalties. It also does not currently have agreements that include sale-leaseback and lease-leaseback transactions.

The following are schedules by year of minimum payments to be received under lease contracts that are included in the measurement of the lease receivable as of June 30, 2025:

Lessor Activities			
(in \$000)			
Fiscal Year Ending	Principal	Interest	Total
June 30			
2026	34,970	4,432	39,402
2027	30,969	3,454	34,423
2028	26,476	2,588	29,064
2029	23,374	1,850	25,224
2030	12,435	1,248	13,683
2031-2035	12,701	4,519	17,220
2036-2040	9,831	2,973	12,804
2041-2045	10,084	1,471	11,555
2046-2050	3,699	372	4,071
2051-2055	1,035	90	1,125
2056	83	1	84
	<u>\$ 165,657</u>	<u>\$ 22,998</u>	<u>\$ 188,655</u>

As of June 30, 2025, the Airport reported current and non-current lease assets of \$165.7 million. The Airport also reported a deferred inflows of leases in the amount of \$168.6 million.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

**Regulated Leases**

The Department of Aviation does not recognize a lease receivable or a deferred inflow of resources for regulated leases. Regulated leases are certain leases that are subject to external laws, regulations, or legal rulings, e.g., the U.S. Department of Transportation and the Federal Aviation Administration, between airports and air carriers and other aeronautical users. Regulated leases include the following:

Airline Use Agreements: As of June 2025, the Department of Aviation entered into an Airport-Airline Use and Lease Agreements (Agreements) with 15 airlines operating at PHL. The Agreement, which was effective on July 1, 2023, has a three-year term, with two potential one-year extensions. These Agreements, while regulated by the FAA, are not within the disclosures. Revenues for terminal and ramp were \$129.6 million in Fiscal Year 2025.

Fixed Base Operators: The Airport has one contract with a Fixed Base Operator (FBO) for the lease of certain airport system property. This FBO is commercial enterprise that provide aeronautical services such as fueling, aircraft parking and storage to general aviation operators, and are therefore considered to be regulated leases. This agreement is scheduled to expire in April 2028. Revenues for FBOs were \$5.7 million in fiscal year 2025.

Hangars and Ground Rentals: The Airport entered into several agreements for aircraft maintenance facilities, cargo facilities and ramps, buildings, and land, which are regulated and whose term extends beyond June 30, 2025. Revenue recognized for these leases was \$3.6 million in fiscal year 2025.

Other Regulated Leases: The Airport entered into an agreement with an airline fueling consortium at PHL. As defined by GASB 87, fuel consortium agreements are considered regulated. Revenue recognized for this agreement was \$2.3 million in fiscal year 2025.

Expected future minimum lease payments from Regulated Leases at June 30, 2025 are as follows (in thousands):

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

Fiscal Year Ending June 30	Future Minimum Expected Receipts
2026	121,217
2027	6,716
2028	6,320
2029	4,850
2030	4,803
2031-2035	18,373
2036-2040	18,524
2041-2045	14,567
2046-2050	7,118
2051-2055	632
2056-2060	632
2061-2065	632
2066-2069	411
	\$ 204,795

**13. CONCENTRATION OF CREDIT RISK**

American Airlines is the principal airline serving Philadelphia International Airport. The airline, together with its American Eagle affiliates, accounted for approximately 66.8% of passengers enplaned at the airport in fiscal year 2025. Operating revenues from American Airlines and its affiliates totaled approximately \$178.3 million in fiscal year 2025 which represented approximately 37.3 % of total operating revenues in fiscal year 2025.

**14. PENSION PLANS**

The Airport contributes to the Municipal Pension Plan (“City Plan”) of the City of Philadelphia. The City maintains two single-employer defined benefit plans for its employees and several of its component units. The two plans maintained by the City are the City Plan and the Philadelphia Gas Works (“PGW”) Plan. In addition to the City, the three other quasi-governmental agencies that participate in the City Plan are the Philadelphia Parking Authority (“PPA”), the Philadelphia Municipal Authority (“PMA”), and the Philadelphia Housing Development Corporation (“PHDC”). Information for the City Plan as a whole is available in the Annual Comprehensive Financial Report (“ACFR”) of the City of Philadelphia for the year ended June 30, 2025.

Effective with fiscal year 2015, the City implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*. This Statement revised existing standards for measuring and reporting pension liabilities for pension plans. GASB Statement No. 68 defines a single employer as the primary government and its component units. All three quasi-governmental agencies that

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

participate in the City Plan were determined to be component units of the City. Therefore, the City Plan meets the definition of a single-employer plan.

The note disclosures and Required Supplementary Information required by GASB Statement No. 67, *Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25*, are presented in the separately issued audited financial statements of the City Plan and PGW Plan. Copies of these financial statements may be obtained by contacting the Director of Finance of the City of Philadelphia.

**Pension Fund Description**

Plan Administration

The Philadelphia Board of Pensions (“Pension Board”) administers the City of Philadelphia Municipal Pension Fund (“Fund”), a single-employer defined benefit pension plan with a defined contribution component, which provides pensions for all officers and employees of the City, as well as those of three quasi-governmental agencies (per applicable enabling legislation and contractual agreements). The Pension Board was established by section 2-308 of the 1952 Philadelphia Home Rule Charter. Its actions in administering the Retirement System are governed by Title 22 of the Philadelphia Code.

The Board consists of nine voting members – four elected by the active members within civil service, and the City’s Controller, Solicitor, Managing Director, Personnel Director, and Director of Finance, who serves as the Chair.

Plan Membership

At July 1, 2024, the date of the most recent actuarial valuation, pension plan membership for the City as a whole consisted of the following:

Active Members	27,479
Terminated Vested	665
Disabled	3,730
Retirees	22,515
Beneficiaries	8,615
DROP Members	2,102
Total City Members	<u><u>65,106</u></u>
Annual Salaries	\$2,118,480,484
Average Salary per Active Member	\$77,095
Annual Retirement Allowances	\$872,374,925
Average Retirement Allowance	\$25,025

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

Contributions

Per Title 22 of the Philadelphia Code, members contribute to the Fund at various rates based on bargaining unit, uniform/non-uniform/elected/exempt status, and entry date into the Fund. Beginning July 1, 2024, members contributed at one of the following rates:

<b>Employee Contribution Rates</b>				
<b>For the Plan Year Beginning July 1, 2024 to June 30, 2025</b>				
	<b>Municipal (1)</b>	<b>Elected (2)</b>	<b>Police</b>	<b>Fire</b>
Plan 67	7.00%	N/A	6.00%	6.00%
Plan 87	3.67%	11.74%	6.84%	6.84%
Plan 87 - 50% of Aggregate Normal Cost (3)	4.45%	N/A	N/A	N/A
Plan 87 - Accelerated Vesting (4)	5.68%	13.23%	N/A	N/A
Plan 87 Prime (5)	4.67%	12.74%	7.84%	7.84%
Plan 10	2.61%	N/A	7.34%	7.34%
Plan 10 - Accelerated Vesting	3.54%	N/A	N/A	N/A
Plan 16 (6)	4.16%	N/A	N/A	N/A
Plan 16 - Accelerated Vesting (7)	4.65%	N/A	N/A	N/A

1 - For the Municipal Plan 67 members who participate in the Social Security System, employee contributions are 4.75% of compensation up to the social security wage base and 7% above it.

2 - The employee contribution rate is based upon the normal cost of \$619,636 under Plan 87 Elected, normal cost of \$348,437 under Plan 87 Municipal and current annual payroll of \$3,496,843.

3 - This represents 50% of aggregate Normal Cost for all members in Plan Y and applies to Deputy Sheriffs hired between 1/1/2012 and 6/20/2018.

4 - Member rates for Municipal Plan 87 (Y5) members eligible to vest in five years and Elected Officials (L8) eligible to be vested in eight years instead of 10.

5 - Plan 87 Prime refers to new hires who have the option to elect Plan 10 but have elected to stay in Plan 87. New hires after 7/1/2017 in Police and Fire Plan 87 Prime pay 8.50% and are not reflected above.

6 - All Municipal groups (except elected officials) hired after January 1, 2019 participate in Plan '16.

7 - Member rate for Municipal Plan 16 members eligible to vest in 7 years instead of 10 years.

Member contributions for all current and future employees except for Police and Fire will increase based on the level of pay and will be paid in addition to base member contributions rates above. The table below shows the tiers used in determining the additional member tier contributions.

<b>Annual Salary</b>	<b>Base Member Rate Plus</b>
\$45,000 or less	0.00%
\$45,001 - \$55,000	0.50%
\$55,001 - \$75,000	1.50%
\$75,001 - \$100,000	2.00%
More than \$100,000	2.75%

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

Employer contributions are made by the City throughout each fiscal year (which ends June 30) and by three (3) quasi-governmental agencies on a quarterly basis. These contributions, determined by an annual actuarial valuation report (“AVR”), when combined with plan member contributions, are expected to finance the costs of benefits earned by plan members during the year, with an additional amount to finance any unfunded accrued liability.

Within the AVR, three contribution amounts are determined based upon three different sets of rules for determining the way the unfunded actuarial liability is funded.

The first method is defined in accordance with Act 205 and defines the Minimum Municipal Obligation (“MMO”), which is the City’s minimum required contribution under Pennsylvania state law.

The second method is in accordance with the City’s Funding Policy, which predates the Act 205 rules and calls for contributions that are greater than the MMO until the initial unfunded liability determined in 1984 is fully funded.

The third method currently followed by the City, the Revenue Recognition Policy (“RRP”), calls for additional revenue to be contributed each year to the fund in excess of the MMO. There are three sources of additional revenue that will be received by the Fund: 1) a portion of the sales tax according to the State Legislation, 2) additional tiered member contributions based on salary level for all municipal employees, and 3) additional member contributions from the current and future uniform members in Plan 87.

Under all funding methods, there are two components: the normal cost and the amortized unfunded actuarial liability. The actuarial unfunded liability is the amount of the unfunded actuarial liability that is paid each year based upon the given or defined amortization periods. The amortization periods are the same under the MMO and RRP but differ under the City’s Funding Policy.

#### City’s Funding Policy

The initial July 1, 1985 unfunded actuarial liability (“UAL”) is amortized over 34 years ending June 30, 2019 with payments increasing at 3.3% per year, the assumed payroll growth. All future amortization periods will follow the MMO funding policy below. Other changes in the actuarial liability are amortized in level-dollar payments as follows:

- Actuarial gains and losses – 20 years beginning July 1, 2009. Prior gains and losses were amortized over 15 years.
- Assumptions changes – 15 years beginning July 1, 2010. Prior to July 1, 2010, assumption changes were amortized over 20 years.
- Plan changes for active members – 10 years.
- Plan changes for inactive members – 1 year.
- Plan changes mandated by the State – 20 years.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

In fiscal year 2025, the City and other employers' contributions of \$864.2 million was more than the actuarially determined employer contribution ("ADEC") of \$792.0 million. In the event that the City contributes less than the funding policy, an experience loss will be created that will be amortized in accordance with the funding policy over a closed 20-year period.

The Schedule of Employer Contributions (based on the City's Funding Policy) is included as Required Supplemental Information (in the City's ACFR, page 33) and provides a 10-year presentation of the employer contributions.

Minimum Municipal Obligation (MMO)

For the purposes of the MMO under Act 205 reflecting the fresh start amortization schedule, the July 1, 2009 UAL was "fresh started" to be amortized over 30 years ending June 30, 2039. This is a level dollar amortization of the UAL.

In fiscal year 2025, the City and other employers' contributions of \$864.2 million exceeded the MMO of \$652.9 million.

The Schedule of Employer Contributions (based on the MMO Funding Policy) is included as Required Supplemental Information (in the City's ACFR page 33) and provides a 10-year presentation of employer contributions.

Revenue Recognition Policy (RRP)

Revenue Recognition Policy is similar to the MMO except that assets used to determine the unfunded liability do not include a portion of sales tax revenue, tiered member contributions from the municipal employees, and additional uniform members' contributions. These sources of income are contributed over and above the City's contribution under RRP. Therefore, under this funding method, the additional revenue amounts are separately tracked and accumulated in a notional account, which is then subtracted from the assets before calculating the contribution amounts due under the MMO methodology. Actuary accumulates these amounts in a notional account and deducts them from the Actuarial Asset Value before the RRP is determined. These amounts are accumulated using the market value of asset return. These amounts are accumulated using the market value of asset return.

In fiscal year 2025, the City and other employers' contributions of \$864.2 million exceeded the contribution under the RRP of \$741.5 million.

The Schedule of Employer Contributions (based on the RRP Funding Policy) is included as Required Supplemental Information (in the City's ACFR page 33) and provides a 10-year presentation of employer contributions.

**Benefits**

The Fund provides retirement, disability, and death benefits according to the provisions of Title 22 of the Philadelphia Code. These provisions prescribe retirement benefit calculations, vesting thresholds, and minimum retirement ages that vary based on bargaining unit, uniform/non-uniform status, and entry date into the System.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

Non-uniform employees may retire at either age 55 with up to 80% of average final compensation (“AFC”) or age 60 with up to 100% or 25% of AFC, depending on entry date into the Fund. Uniform employees may retire at either age 45 with up to 100% of AFC or age 50 with up to either 100% or 35% of AFC, depending on entry date into the Fund. Survivorship selections may result in an actuarial reduction to the calculated benefit.

Members may qualify for service-connected disability benefits regardless of length of service. Service-connected disability benefits are equal to 70% of a member’s final rate of pay and are payable immediately without an actuarial reduction. These applications require approval by the Board. Eligibility to apply for non-service-connected disability benefits varies by bargaining unit and uniform/non-uniform status. Non-service-connected disability benefits are determined in the same manner as retirement benefits and are payable immediately.

Service-connected death benefits are payable to:

- 1) surviving spouse/life partner at 60% of final rate of pay plus up to two children under age 18 at 10% each of final rate of pay (maximum payout: 80%).
- 2) if no surviving spouse/life partner, up to three children under age 18 at 25% each of final rate of pay (maximum payout 75%); or
- 3) if no surviving spouse/life partner or children under age 18, up to two surviving parents at 15% each of final rate of pay (maximum payout 30%).

Non-service-connected deaths are payable as a lump sum payment, unless the deceased was either vested or had reached minimum retirement age for their plan, in which case the beneficiary(ies) may instead select a lifetime monthly benefit, payable immediately with an actuarial reduction.

The Pension Adjustment Fund (“PAF”) is funded with 50% of the excess earnings that are between 1% and 6% above the actuarial assumed earnings rate. Each year, within 60 days of the end of the fiscal year, by majority vote of its members, the Board of Directors of the Fund (“the Board”) shall consider whether sufficient funds have accumulated in the PAF to support an enhanced benefit distribution (which may include, but is not limited to, a lump sum bonus payment, monthly pension payment increases, ad hoc cost-of-living adjustments, continuous cost-of-living adjustments, or some other form of increase in benefits as determined by the Board) to retirees, their beneficiaries, and their survivors. As of July 1, 2024, the date of the most recent actuarial valuation, there was \$7.8 million in the PAF. There were no PAF distributions during the fiscal year ended June 30, 2025.

The Fund includes a Deferred Retirement Option Plan (“DROP Plan”). The DROP Plan allows a participant to declare that they will retire within four years. During the 4-year period, the City will make no further contributions for the participant. The participant would continue to work and to receive their salary; however, any increases would not be counted towards their pension benefit. During the four-year period the

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

individual participates in the DROP Plan, their pension benefits will be paid into an escrow account in the participant's name. After the four-year period, the participant would begin to receive their pension benefits and the amount that has been accumulated in the escrow account in a lump sum payment. The balance in the DROP Plan as of June 30, 2025 is \$383 million.

**Investments**

The Pension Board's Investment Policy Statement provides, in part:

The overall investment objectives and goals should be achieved by use of a diversified portfolio, with safety of principal as primary emphasis. The portfolio policy should employ flexibility by prudent diversification into various asset classes based upon the relative expected risk-reward relationship of the asset classes and the expected correlation of their returns.

The Fund seeks an annual total rate of return of not less than 7.25% over a full market cycle. It is anticipated that this return standard should enable the Fund to meet its current actuarially assumed earnings projection 7.25% over a market cycle. The investment return assumption was reduced by the Board from 7.30% to 7.25% from the prior fiscal year. The Fund's investment program will pursue its aforesated total rate of return by a combination of income and appreciation, relying upon neither exclusively in evaluating a prospective investment for the Fund.

All investments are made only upon recommendation of the Fund's Investment Committee and approval by a majority of the Pension Board. In order to document and communicate the objectives, restrictions, and guidelines for the Fund's investment staff and investments, a continuously updated Investment Policy Statement is maintained. The Investment Policy Statement is updated (and reaffirmed) each year at the January Board meeting.

The following was the Board's approved asset allocation policy as of October 26, 2023:

**CITY OF PHILADELPHIA**  
**AVIATION FUND**

Total	100.0%

**Money-Weighted Rate of Return**

For the fiscal year ended June 30, 2025, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 13.12%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for changing amounts actually invested.

**Summary of Significant Accounting Policies**

**Basis of Presentation**

Financial statements of the Fund are prepared using the accrual basis of accounting. Member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds of contributions are recognized when due and payable in accordance with the terms of the Fund.

**Methods Used to Value Investments**

The Fund's investments are reported at fair value. Fair value is the amount that the Fund can reasonably expect to receive for an investment in a current sale between a willing buyer and a willing seller, that is, other than in a forced or liquidation sale. Fixed income securities and common and preferred stocks are generally valued based on published market prices and quotations from national security exchanges or securities pricing services. Securities which are not traded on a national security exchange are valued by the respective fund manager or other third parties based on similar sales.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

For alternative investments which include private equity, private debt, venture capital, hedge funds and equity real estate investments where no readily ascertainable market value exists, management, in consultation with the general partner and investment advisors, has determined the fair values for the individual investments based upon the partnership's most recent available financial information. Some of the investment values provided in the report are estimates due to a lag in reporting for alternative investments.

Futures contracts, foreign exchange contracts, and options are marked-to-market daily with changes in market value recognized as part of net appreciation/depreciation in the fair value of investments. Initial margin requirements for such financial instruments are provided by investment securities pledged as collateral or by cash.

Investment expenses consist of investment manager fees and investment consultant fees related to the traditional investments only, and not those fees related to the alternative investments. Fair market values reported for the alternative investments are net of investment expenses. Unsettled investment sales are reported as Accrued Interest and Other Receivables, and unsettled investment purchases are included in Accrued Expenses and Other Liabilities.

Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis.

Income Taxes

The Fund qualifies under Section 401(a) of the Internal Revenue Code ("IRC") and is exempt from income taxation as allowed by Section 501(a) of the IRC.

Related Parties

The City's Department of Finance provides cash receipt and cash disbursement services to the Fund. The City Solicitor's Office provides legal services to the Fund. Other administrative services are also provided by the City.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Fund invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Fiduciary Net Position.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

Contributions are calculated based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these statements and assumptions in the near term would be material to the financial statements.

Administrative Expenses

Administrative expenses of the Fund are paid for by the Fund.

**Cash Deposits, Investments and Securities Lending**

Legal Provisions

The Fund is authorized to invest in “prudent investments,” including obligations of the U.S. Treasury, agencies and instrumentalities of the United States, investment grade corporate bonds, common stock, real estate, private market, etc. City ordinances contain provisions which preclude the Fund from investing in organizations that conduct business in certain countries and also impose limitations on the amounts invested in certain types of securities.

Custodial Credit Risk

Custodial credit risk for Deposits is the risk that in the event of a bank failure, the Fund’s deposits may not be returned to them. The Fund’s cash deposits are held in two banks as of June 30, 2025. Amounts are insured up to \$250,000 per bank by the Federal Deposit Insurance Corporation (“FDIC”). Deposits in excess of the FDIC limit are collateralized with securities held by the pledging financial institution’s trust department or agent in the Fund’s name. The Fund classifies Money Market funds held by custodian institution, Northern Trust, as cash equivalents. The Fund also classifies Treasury Bills as cash equivalent if the date of maturity is three months or less from the acquisition date.

Custodial credit risk for Investments is the risk that in the event of counterparty failure, the Fund may not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities held by the counterparty or counterparty’s trust department are uninsured and are not registered in the name of the Fund. The Fund requires that all investments be clearly marked as to ownership, and to the extent possible, be registered in the name of the Fund. Certain investments may be held by the managers in the Fund’s name. There is no formally adopted investment policy to manage custodial credit risk.

Interest Rate Risk

Interest rate risk is the largest risk faced by an investor in the fixed income market. The price of a fixed income security generally moves in the opposite direction of the change in interest rates. Securities with long maturities are highly sensitive to interest rate changes.

Duration is a measure of the approximate sensitivity of a bond’s value to interest rate changes. The higher the duration, the greater the changes in fair value when interest rates

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

change. The Fund measures interest rate risk using segmented time distribution, which shows the total fair value of investments maturing during a given period. There is no formally adopted investment policy to manage interest rate risk,

The table below details the exposure to interest rate changes based upon maturity dates of the fixed income securities at June 30, 2025 (in thousands):

2025 (in Thousands)	Total Fair Value	Less Than 1 Year	1-5 Years	6-10 Years	More than 10 Years
Asset Backed Securities	\$ 47,737	\$ -	\$ 7,876	\$ 5,201	\$ 34,660

Total Interest Rate Risk of Debt Securities	\$ 1,844,649	\$ 37,390	\$ 536,072	\$ 370,727	\$ 900,460

Concentration of Credit Risk

Concentration of credit risk is the risk of substantial loss if investments are concentrated in one issuer. As of June 30, 2025, the Fund has no single issuer that exceeds 5% of total investments. Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded. There is no policy regarding concentration of credit risk.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. The Fund is subject to credit risk on \$1.2 billion of directly owned fixed income. The Fund's directly owned rated debt investments as of June 30, 2025 were rated by S&P, a nationally recognized statistical rating agency and are presented below using Standard and Poor's rating scale (in thousands):

*Notes to Financial Statements*

Foreign Currency Risk

The Fund's exposure to foreign currency risk derives from its position in foreign currency-denominated cash and investments in fixed income, equities, and derivatives. The foreign currency investment in equity securities is 39.21% of the total investment in equities. There is no formally adopted investment policy to limit foreign currency exposure. The Fund's exposure to foreign currency risk on June 30, 2025 was as follows (expressed in thousands):

Currency	Cash	Fixed Income	Equities	Derivatives	Total
Euro	\$ 1,079	\$ 7,625	\$ 640,334	\$ (1,126)	\$ 647,912

Derivatives

The Fund may invest in derivatives as permitted by guidelines established by the Pension Board. Pursuant to such authority, the Fund may invest in foreign currency forward contracts, options, futures (S&P Fund) and swaps. No derivatives were purchased with borrowed funds.

Derivatives are generally used to provide market exposure in the equity portfolio and to hedge against foreign currency risk and changes in interest rates, improve yield and adjust the duration of the Fund's fixed income portfolio. These securities are subject to changes in value due to changes in interest rates or currency valuations. Credit risk for derivatives results from the same considerations as other counterparty risks assumed by the Fund, which is the risk that the counterparty might be unable to meet its obligations.

Derivative instruments such as swaps, options, futures and forwards are often complex financial arrangements used by governments to manage specific risks or to make

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

investments. By entering into these arrangements, governments receive and make payments based on market prices without actually entering into the related financial or commodity transactions. Derivative instruments associated with changing financial and commodity prices result in changing cash flows and fair values that can be used as effective risk management or investment tools. However, derivative instruments can also expose governments to significant risks and liabilities.

The Fund enters into a variety of financial contracts, which include options, futures, forwards and swap agreements to gain exposure to certain sectors of the equity and fixed income markets; collateralized mortgage obligations (“CMOs”); other forward contracts, and U.S. treasury strips. The contracts are used primarily to enhance performance and reduce the volatility of the portfolio. The Fund is exposed to credit risk in the event of non-performance by counterparties to financial instruments. The Fund generally enters into transactions only with high quality institutions. Legal risk is mitigated through selection of executing brokers and review of all documentation. The Fund is exposed to market risk, the risk that future changes in market conditions may make an instrument less valuable. Exposure to market risk is managed in accordance with risk limits set by senior management, through buying or selling instruments or entering into offsetting positions. The notional or contractual amounts of derivatives indicate the extent of the Fund’s involvement in the various types and uses of derivative financial instruments and do not measure the Fund’s exposure to credit or market risks and do not necessarily represent amounts exchanged by the parties. The amounts exchanged are determined by reference to the notional amounts and the other terms of the derivatives.

Derivative Instruments

The following table summarizes the aggregate notional or contractual amounts for the Fund’s derivative financial instruments at June 30, 2025 in addition to the fair value and the change in the fair value of derivatives (in thousands).

List of Derivatives Aggregated by Investment Type

Classification	Change in Fair Value	Fair Value at June 30, 2025	Notional
Investment Derivatives			
Forward Currency Contracts	Net appreciation / (depreciation) in investments \$ 1,308	Investments \$ 1,562	\$ 390,686
Futures	Net appreciation / (depreciation) in investments \$ -	Investments \$ -	\$ 35,069
Grand Totals	\$ 1,308	\$ 1,562	\$ 425,755

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

A Derivatives Policy Statement identifies and allows common derivative investments and strategies which are consistent with the Investment Policy Statement of the City of Philadelphia Municipal Pension Fund. The guidelines identify transaction-level and portfolio-level risk control procedures and documentation requirements. Managers are required to measure and monitor exposure to counterparty credit risk. All counterparties must have credit ratings available from nationally recognized rating institutions such as Moody's, Fitch, and S&P. The details of other risks and financial instruments in which the Fund is involved are described below.

Credit Risk

The Fund is exposed to credit risk on hedging derivative instruments that are in asset positions. To minimize its exposure to loss related to credit risk, it is the Fund's policy to require counterparty collateral posting provisions in its non-exchange-traded hedging derivative instruments. These terms require full collateralization of the fair value of hedging derivative instruments in asset positions (net of the effect of applicable netting arrangements) should the counterparty's credit rating fall below AA as issued by Fitch Ratings and S&P or Aa as issued by Moody's Investors Service. Collateral posted is to be in the form of U.S. Treasury securities held by a third-party custodian. The City has never failed to access collateral when required.

It is the Fund's policy to enter into netting arrangements whenever it has entered into more than one derivative instrument transaction with counterparty. Under the terms of these arrangements, should one party become insolvent or otherwise default on its obligations, close-out netting provisions permit the non-defaulting party to accelerate and terminate all outstanding transactions and net the transactions' fair values so that a single sum will be owed by, or owed to, the non-defaulting party.

Swap Agreements

These derivative instruments provide for periodic payments at predetermined future dates between parties based on the change in value of underlying securities, indexes or interest rates. Under fixed interest rate type swap arrangements, the Fund receives the fixed interest rate on certain equity or debt securities or indexes in exchange for a fixed charge. There were no fixed interest rate swaps during 2025. On its pay-variable, receive-fixed interest rate swap, as floating increases, the Fund's net payment on the swap increases. Alternatively, on its pay-fixed, receive-variable interest rate swap, as floating rate or the SIFMA swap index decreases, the Fund's net payment on the swap increases.

Futures Contracts

These derivative instruments are types of contracts in which the buyer agrees to purchase, and the seller agrees to make delivery of a specific financial instrument at a predetermined date and price. Gains and losses on futures contracts are settled daily based on a notional (underlying) principal value and do not involve an actual transfer of the specific instrument. Futures contracts are standardized and are traded on exchanges. The exchange assumes the risk that counterparty will not pay and generally requires margin payments to minimize

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

such risk. In addition, the Fund enters into short sales, sales of securities it does not presently own, to neutralize the market risk of certain equity positions. Initial margin requirements on futures contracts and collateral for short sales are provided by investment securities pledged as collateral and by cash held by various brokers. Although the Fund has the right to access individual pledged securities, it must maintain the amount pledged by substituting other securities for those accessed. The realized gain from futures contracts was \$3.8 million and is included in the net change in fair value of investment in the statement of changes in fiduciary net position.

Forward Contracts

The Fund is exposed to basis risk on its forward contracts because of possible mismatch between the price of the asset being hedged and the price at which the forward contract is expected to settle. The realized loss from forward contracts was \$3.3 million and is included in the net change in fair value of investments in the statement of changes in fiduciary net position.

Termination Risk

The Fund or its counterparties may terminate a derivative instrument if the other party fails to perform under the terms of the contract. In addition, the Fund is exposed to termination risk on its receive-fixed interest rate swap. The Fund is exposed to termination risk on its rate cap because the counterparty has the option to terminate the contract if the SIFMA swap index exceeds 12%. If at the time of termination, a hedging derivative instrument is in a liability position, the City would be liable to the counterparty for a payment equal to the liability, subject to netting arrangements.

Rollover Risk

The Fund is exposed to rollover risk on hedging derivative instruments that are hedges of debt that mature or may be terminated prior to the maturity of the hedged debt. When these hedging derivative instruments terminate, or in the case of a termination option, if the counterparty exercises its option, the Fund will be re-exposed to the risks being hedged by the hedging derivative instrument.

Fair Value Measurement

The accounting pronouncement on fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). See the City's ACFR to view the Municipal Pension Fund's recurring fair value measurement as of June 30, 2025.

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data sustainability for the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgement or estimation.

The valuation method for investments measured at the net asset value (NAV) per share (or its equivalent) is presented on the following table (expressed in thousands).

<u>Investment Measured at the Net Asset Value (NAV)</u>		<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Private Market	\$ 1,036,411	\$ 286,647	N/A	N/A
Real Estate	399,422	110	N/A	N/A
Equity Long/Short Hedge funds	34,622	-	Quarterly	90 days' notice
Fixed Income Hedge Funds	4,670	-	Quarterly	90-120 days
Total Investments Measured at the NAV	<u>\$ 1,475,125</u>			

1. Private market funds: The primary goal of these Funds is to generate returns for investors that exceed private equity industry benchmarks and are commensurate with asset class risk through the construction of a portfolio of opportunistic, highly performing private equity investments. Investments in these funds may include early-stage venture capital, later-stage growth financings, leveraged buyouts of medium and large-sized companies, mezzanine investments, private investments in public equity (PIPES) and investments in companies that are being taken private. These investments can never be redeemed with the funds. Instead, the nature of the investments in this type is that distributions are received through the liquidation of the underlying assets of the fund. If these investments were held, it is expected that the underlying assets of the fund would be liquidated over five to ten years. The fair values of the investments in this type have been determined using recent observable transaction information for similar investments and nonbinding bids received from potential buyers of the investments. Once a buyer has been identified, the investee fund's management is required to approve of the buyer before the sale of the investments can be completed.
2. Real estate funds: This type includes funds that invest in U.S. and non-U.S. commercial and residential real estate. The fair values of the investments in this type have been determined using the NAV per share (or its equivalent) of the Plan's ownership interest in partners' capital. These investments can never be redeemed with the funds. Distributions from each fund will be received as the underlying investments of the funds are liquidated. However, the individual investments that will be sold have not yet been determined. Because it is not probable that any individual investment will be sold,

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

the fair value of each individual investment has been determined using the NAV per share (or its equivalent) of the Plan's ownership interest in partners' capital. Once it has been determined which investments will be sold and whether those investments will be sold individually or in a group, the investments will be sold in an auction process. The investee fund's management is required to approve of the buyer before the sale of the investments can be completed. It is expected that the underlying assets of the funds will be liquidated over the next seven to ten years.

3. Equity long/short hedge funds: This Fund will typically hold 0-50 long positions and 10-15 short positions in U.S. common stocks. Management can shift investments from value to growth strategies, from small to large capitalization stocks, and from a net long position to a net short position. The Fund mitigates market risk by utilizing short positions. In periods of extreme volatility, the Fund may hold a significant portion of its assets in cash. The fair values of the investments in this type have been determined using the NAV per share of the investments. Investments can be redeemed with a 90 days' notice.
4. Fixed income hedge funds: The primary goal of these Funds is to create alpha by sourcing proprietary opportunities, avoiding capital loss, buying securities below their intrinsic value and selling securities above their intrinsic value. Firms look for opportunities that are currently mispriced, based on fundamentals or potentially an event that may improve the price of the holding. Investments are generally driven by fundamental, value-oriented analysis, and specific credit events. The fair values of the investments in this type have been determined using net asset value ("NAV") per share (or its equivalent) of the investments. Investments can be redeemed with 90-120 days' notice. These funds have been terminated but because of their structure and illiquid nature, the investments have not been fully liquidated yet.

#### Securities Lending Program

The Fund, pursuant to a Securities Lending Authorization Agreement, has authorized Northern Trust to act as the Fund's agent in lending the Fund's securities to approved borrowers. Northern Trust, as agent, enters into Securities Loan Agreements with borrowers.

Securities are loaned versus collateral that may include cash; U.S. government and select OECD government debt securities; and domestic and international equities from major indices, as defined specifically in the non-cash collateral guidelines within the Securities Lending Authorization Agreement. U.S. securities are loaned versus collateral valued at 102% of the market value of the securities plus any accrued interest. Non-U.S. securities are loaned versus collateral valued at 105% of the market value of the securities plus any accrued interest. Non-Cash collateral cannot be pledged or sold unless the borrower defaults.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

All securities loans can be terminated on demand by either the lender or the borrower, although the average term of City of Philadelphia Board of Pensions and Retirement loans was approximately 80 days as of June 30, 2025.

Cash open collateral is invested in a short-term investment pool, the NT Coll SL Core S/T Inv Fund, which had an interest sensitivity of 24 days as of this statement date.

There were no violations of legal or contractual provisions, no borrower or lending agent default losses to the securities lending agent.

There are no dividends or coupon payments, owing on the securities lent. Securities lending earnings are credited to participating clients on approximately the fifteenth day of the following month.

Indemnification deals with the situation in which a client's securities are not returned due to the insolvency of a borrow and Northern Trust has failed to live up to its contractual responsibilities relating to the lending of those securities. Northern Trust's responsibilities include performing appropriate borrower and collateral investment credit analyses, demanding adequate types and levels of collateral, and complying with applicable Department of Labor and Federal Financial Institutions Examination Council regulations concerning securities.

As of June 30, 2025, the fair value of securities on loan was \$464.5 million. Associated collateral totaling \$478.1 million was comprised of cash, which was invested in a separately managed account based upon the investment guidelines established by the Pension Fund. As of June 30, 2025, the invested cash collateral was \$478.1 million and is valued at amortized cost.

### **Investments Advisors**

The Fund utilizes investment advisors to manage long-term debt, real estate, private market, and equity portfolios. To be eligible for consideration, investments must meet criteria set forth in governing laws and regulations.

### **Net Pension Liability**

The components of the net pension liability as of June 30, 2025 were as follows:

Total Pension Liability	\$	13,328,167
Less: Plan Fiduciary Net Position		<u>9,633,166</u>
Collective Net Pension Liability	\$	3,695,001

Plan Fiduciary Net Position as a Percentage of the Total Pension Liability ("TPL"): 72.3%

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of June 30, 2024 and was rolled forward to June 30, 2025. The June 30, 2024 valuation used the following actuarial assumptions, applied to all periods, including the measurement period:

Actuarial Cost Method:           Entry Age Normal

Investment Rate of Return:   7.25% compounded annually, net of expenses

Salary Increases:               Age-based table

\* The investment return assumption was changed from 7.30% from the prior year valuation to 7.25% for the current year valuation.

\* To recognize the expense of the benefits payable under the Pension Adjustment Fund, the actuarial liabilities have been increased by 0.54%. This estimate is based on the statistical average expected value of the benefits.

\* Mortality Rates: For Municipal and Elected Officials, 109% and 126% for males and females, respectively, of the Pub-2010(B) General Healthy Annuitant Below-Median Table projected from base year 2010 to 2025 using mortality improvement scale MP-2021. For Uniform employees, 118% and 122%, for males and females, respectively, of Pub-2010(B) Safety Healthy Annuitant Below-Median Table projected from base year 2010 to 2025 using mortality improvement scale MP-2021.

The measurement date for the net pension liability (“NPL”) is June 30, 2025. Measurements are based on the fair value of assets as of June 30, 2025 and the total pension liability (“TPL”) as of the valuation date, July 1, 2024, updated to June 30, 2025. The roll-forward procedure included the addition of service cost and interest cost offset by actual benefit payments and an adjustment to reflect changes in assumptions.

There were no changes in benefits during the year. Effective July 1, 2025, there was an assumption change, approved by the Board, reducing the expected long-term return on assets from 7.30% to 7.25% which increased the TPL by approximately \$62 million.

During the measurement year, the collective NPL decreased by approximately \$772 million. The service cost and interest cost increased the collective NPL by approximately \$1.1 billion while contributions offset by investment losses and administrative expenses decreased the collective NPL by approximately \$2.1 billion. Additionally, there was an actuarial experience loss during the year of approximately \$101 million.

As defined under title §22-311 of the Philadelphia Code, the Pension Adjustment Fund (PAF) provides for additional benefit distributions to retirees and beneficiaries through the use of excess earnings. The Fiduciary Net Position (FNP) balances as of the beginning and end of the measurement period include the PAF assets. PAF distributions are reflected when the additional benefits are actually paid out of the FNP balance.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using the software simulations developed by the Fund's investment consultant, Marquette Associates, in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage.

Best estimates of geometric real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2025, are summarized in the following table:

Asset Class	Long-Term Expected Rate of Return
Broad Fixed Income	4.7 %
91 Day T-Bills	2.8 %
Opportunistic Credit	7.0 %
U.S. All Cap Core Equity	7.2 %
Broad Non-US Equity	7.3 %
Emerging Markets Equity	7.8 %
Global Low Volatility Equity	5.6 %
Core Real Estate	6.4 %
Public REITs	5.9 %
Opportunistic Real Estate	10.0 %
Global Infrastructure	6.9 %
Private Debt	9.0 %
Private Equity	9.9 %

The above table reflects the expected real rate of return for each major asset class. The expected inflation rate is projected at 2.75% for the same period.

Discount Rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and the participating governmental entity contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods on projected benefit payment to determine the total pension liability.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

Sensitivity of the Net Pension Liability

The following table presents the NPL of the Fund, calculated using the discount rate of 7.25%, as well as what the Fund's net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate (in thousands):

	1% Decrease 6.25%	Discount Rate 7.25%	1% Increase 8.25%
Total Pension Liability	\$14,686,690	\$13,328,167	\$12,169,975
Plan Fiduciary Net Position	\$9,633,166	\$9,633,166	\$9,633,166
Collective Net Position Liability	<u>\$5,053,524</u>	<u>\$3,695,001</u>	<u>\$2,536,809</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	65.6%	72.3%	79.2%

**Guarantee of Benefits**

Benefits under the Fund are guaranteed by statute. In the event that employee contributions do not equal required benefits, the City's General Fund must provide any shortfall. Any additional required contributions would be allocated among participating funds based on applicable funding policies.

**Participation in the Pension Fund**

The trustees for the Fund are also members of the Fund and as such are subject to the provisions of the Fund as described in the notes to the City's financial statements.

**Reporting Information for Participating Employers**

Changes in Collective Net Pension Liability

The following table shows the changes in TPL, the plan fiduciary net position (i.e., fair value of the Plan assets) ("FNP:"), and the NPL during the measurement period ending on June 30, 2025.

Employer’s Proportionate Share

GASB Statement No. 68 requires that the proportionate share for each employer be determined based upon the “employer’s projected long-term contribution effort to the pension as compared to the total long-term contribution effort to all employers.” In addition to the City, three governmental agencies currently participate in the system, PHDC, PMA, and PPA. The method of allocation is based on the ratio of quasi-agency contributions in proportion to total contributions by plan.

See the City’s ACFR for further details on the Plan’s financials.

**15. ACCUMULATED UNPAID SICK LEAVE**

The Airport follows City policies regarding the accumulation of sick leave. City and certain component unit employees are credited with varying amounts of sick leave according to type of employee and/or length of service. City employees may accumulate unused sick leave to predetermined balances. Non-uniformed employees (upon retirement only) and uniformed employees (upon retirement or in case of death while on active duty) are paid varying amounts ranging from 25% to 60% of unused sick time, not to exceed predetermined amounts. Employees, who separate for any reason other than indicated above, forfeit their entire sick leave.

**16. OTHER POSTEMPLOYMENT BENEFITS (OPEB)**

The following information is provided for the City as a whole because discrete information is not available for the Airport. Please see the ACFR of the City of Philadelphia for required supplemental information.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

Plan Description

The City of Philadelphia self-administers a single-employer, defined benefit plan that provides OPEB for all eligible retirees. No assets are accumulated in a trust that meets the criteria in paragraph four of GASB Statement No. 75. The plan does not issue stand-alone financial statements, and the accounting for plan is reported within the financial statements of the City of Philadelphia.

Benefits Provided

Medical Coverage:

The City of Philadelphia subsidizes health care for five years from the time of coverage election for eligible retirees. Retirees have option to defer their health care coverage to a later date, but the amount that the City pays for their health care is limited to the amount that the City would have paid at the date of their retirement. For retirees covered by the City-Administered plan, the City continues to provide medical insurance coverage after five years, at full cost to the retirees.

Life Insurance Coverage:

The City provides life insurance to retirees of the participant. Firefighters are entitled to \$7,500 coverage and all other employees receive \$6,000 in coverage.

Funding Policy

The City’s funding policy is to pay the net expected benefits for the current retirees. To provide health care coverage, the City pays a negotiated monthly premium for retirees covered by union contracts and is self-insured for all other and non-union employees. The City’s contributions are estimated to be about \$80.7 million for fiscal year ending June 30, 2025.

Employees Covered by Benefit Terms

As of July 1, 2024, the date of the latest actuarial valuation, the following employees were covered by the benefit terms:

<u>Medical Coverage</u>	
Active employees	27,465
Retired and Inactive employees deferring medical coverage	3,147
DROPEmployees with medical coverage	2,102
	Total 32,714
<u>Life Insurance Coverage</u>	
Inactive employees or beneficiaries currently receiving life insurance coverage	28,052
Active employees	27,465
	Total 55,517

Total OPEB Liability

The City’s total OPEB liability reported as of June 30, 2025 of \$1.61 billion was measured as of June 30, 2024 based on an actuarial valuation as of June 30, 2024.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the June 30, 2024 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

Measurement Date - June 30, 2024, for reporting date June 30, 2025.

Discount rate - 3.93% per annum for the valuation measured as of June 30, 2024.

Salary Increase Rate

Age	Municipal and Elected Officials	Uniformed
<20	20.00%	18.00%
20	18.00%	16.50%
25	10.00%	10.00%
30	7.00%	6.25%
35	5.75%	4.50%
40	4.50%	4.00%
45	4.25%	3.75%
50	4.00%	3.50%
55	3.75%	3.25%
60	3.50%	3.00%
65+	3.25%	2.75%

Per Person Cost Trends

The trend rates represent the annual rate of increase in employer claim payments, employer premiums (including those paid to union-sponsored plans), and retiree contributions.

See the City’s ACFR for further details on these trends.

Retirees Share of Benefit-related Costs

Participation rates for medical coverage:

- \* 85% of future retirees from non-represented groups are assumed to elect post-retirement medical coverage.
- \* 100% of future retirees from represented groups (DC 33, DC 47, Fire, and Police) are assumed to elect post-retirement medical coverage.
- \* 100% of DROP participants are assumed to continue in DROP for the remainder of their DROP period (maximum four years) and then retire with a medical benefit.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

Participation rates for life insurance coverage:

\* 95% of current and future retired firefighters who participated in the pension plan are assumed to be covered by City-provided life insurance.

\* 87% of all other current and future retired pension plan participants are assumed to be covered by City-provided life insurance.

Mortality Rates

Rate of Pre-retirement Mortality:

It is assumed that deaths of active municipal and elected members, 109% and 126%, for males and females, respectively, of the Pub-2010(B) General Employee Below-Median Table projected from base year of 2010 to 2025 using mortality improvement scale MP-2021.

It is assumed that deaths of active uniformed members follow 118% and 122%, for males and females, respectively, of the Pub-2010(B) Safety Employee Below-Median Table projected from base year of 2010 to 2025 using mortality improvement scale MP-2021.

Rate of Post-retirement Mortality:

For municipal and elected members, 109% and 126% for males and females, respectively, of the Pub-2010(B) Health Annuitant Below-Median Table projected from base year 2010-2025 using mortality improvement scale MP-2021.

For uniformed members, the rate of post-retirement and post-disability mortality follow 118% and 122%, for males and females, respectively, of the Pub-2010(B) Safety Healthy Annuitant Below-Median Table projected from base year 2010 to 2025 using mortality improvement scale MP-2021.

Rates of Post-Disability Mortality

For municipal and elected members, the rate of post-disability mortality follows 108% and 105%, for males and females, respectively, of the Pub-2010 General Disabled Annuitant Table projected from base year 2010 to 2025 using mortality improvement scale MP-2021.

For uniformed members, the rate of post-disability mortality follows 135% for males only of the Pub-2010 Safety Disabled Annuitant Table projected from base year 2010-2025 using mortality improvement scale MP-2021.

Change in the Total OPEB Liability

The table below shows the changes in the Total OPEB Liability (“TOL”), the plan fiduciary net position (i.e., the fair value of Plan assets) (“FNP”), and the Net OPEB Liability (“NOL”) during the measurement period ending on June 30, 2024.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

Change in Net OPEB Liability

	Increase (Decrease)		
	Total OPEB Liability	Plan Fiduciary Net Position	Net OPEB Liability
Balances at June 30, 2023	\$ 1,814,500	\$ -	\$ 1,814,500
Changes for the year:			
Service cost	86,400	-	86,400
Interest	67,500	-	67,500
Changes in benefits	41,100	-	41,100
Differences between expected and actual experience	67,100	-	67,100
Changes of assumptions	-	-	-
Contributions - employer	(363,000)	-	(363,000)
Contributions - non-employer	-	103,600	(103,600)
Contributions - member	-	-	-
Net investment income	-	-	-
Benefit payments	-	-	-
Administrative expense	(103,600)	(103,600)	-
Net Changes	-	-	-
Balances at June 30, 2024	(204,500)	-	(204,500)
	\$ 1,610,000	\$ -	\$ 1,610,000

The employer contribution of \$103.6 million is based on a blend of actual and estimated contributions based on the prior report.

There was a loss of \$67.1 million due to experience. This is due to the change in population between the June 30, 2022 valuation and the June 30, 2024 valuation and updated valuation data as of the valuation date.

There was a net gain in the liability of \$363.0 million related to changes in the assumptions. This net gain is primarily due to the increase in the discount rate from 3.65% to 3.93% and changes to the medical claims and trend assumptions which decreased the liability by \$328.1 million.

There was a liability loss of \$41.1 million due to the introduction of the Medicare Part B reimbursement benefit, which increased the liability.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following represents the TOL of the City, calculated using the discount rate of 3.93%, as well as what the City's total liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current discount rate.

Changes in the discount rate affect the measurement of the TOL. Lower discount rates produce a higher TOL, and higher discount rates produce a lower TOL. The table below shows the sensitivity of the NOL to the discount rate.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

	1% Decrease 2.93%	Discount Rate 3.93%	1% Increase 4.93%
Total OPEB Liability	\$1,743,500	\$1,610,000	\$1,489,100
Plan Fiduciary Net Position	\$0	\$0	\$0
Net OPEB Liability	\$1,743,500	\$1,610,000	\$1,489,100
Plan Fiduciary Net Position as a Percentage of the Total OPEB Liability	0.0%	0.0%	0.0%

A 1% decrease in the discount rate increases the TOL and NOL by approximately 8%. A 1% increase in the discount rate decreases the TOL and NOL by approximately 8%.

**Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates**

The following represents the Total OPEB Liability of the City, as well as what the City’s total liability would be if it were calculated using healthcare cost trend rates that are 1% lower or 1% higher than the current discount rate.

Changes in healthcare trends affect the measurement of the TOL. Lower healthcare trends produce a lower TOL, and higher healthcare trends produce a higher TOL. The table below shows the sensitivity of the NOL to healthcare trends.

	1% Decrease	Healthcare Trend	1% Increase
Total OPEB Liability	\$1,468,700	\$1,610,000	\$1,774,800
Plan Fiduciary Net Position	\$0	\$0	\$0
Net OPEB Liability	\$1,468,700	\$1,610,000	\$1,774,800
Plan Fiduciary Net Position as a Percentage of the Total OPEB Liability	0.0%	0.0%	0.0%

A 1% decrease in the healthcare trends rate decreases the TOL and NOL by approximately 9%. A 1% increase in the healthcare trends rate increases the TOL and NOL by approximately 10%.

**OPEB Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

For the fiscal year ended June 30, 2025, the City recognized OPEB expense of \$115.1 million. The table below shows the development of OPEB expense in two different ways. First, by taking the change in the amounts reported on the employers’ Statement of Net Position that relates to the Plan and is not attributable to employer contributions which is the change in NOL minus/plus the change in deferred outflows/inflows plus employer contributions during the year. Alternatively, calculating annual OPEB expense by its individual components such as operating expense, financing expense and other changes.

**CITY OF PHILADELPHIA**  
**AVIATION FUND**

---

Calculation of OPEB Expense

Fiscal Year Ending	June 30, 2025
Measurement Year Ending	June 30, 2024
Change in Net OPEB Liability	\$ (204,500)
Change in Deferred Outflows	(36,000)
Change in Deferred Inflows	252,000
Non-Employer Contributions	-
Employer Contributions	<u>103,600</u>
OPEB Expense	\$ 115,100
OPEB Expense as % of Payroll	5.43%
<hr/>	
<u>Operating Expenses</u>	
Service Costs	\$ 86,400
Employee Contributions	-
Administrative Expenses	<u>-</u>
Total	\$ 86,400
<u>Financing Expenses</u>	
Interest Costs	\$ 67,500
Expected Return on Assets	<u>-</u>
Total	\$ 67,500
<u>Changes</u>	
Benefit Changes	\$ 41,100
Recognition of Assumption Changes	(87,600)
Recognition of Liability Gains and Losses	7,700
Recognition of Investment Gains and Losses	<u>-</u>
Total	\$ (38,800)
OPEB Expense	\$ 115,100

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

At June 30, 2025, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources.

Schedule of Deferred Inflows and Outflows of Resources as of  
June 30, 2025 Projected Fiscal Year End  
June 30, 2024 Measurement Date

	<u>Deferred</u> Outflows of <u>Resources</u>	<u>Deferred</u> Inflows of <u>Resources</u>
Differences between expected and actual experience	\$ 80,400	\$ 40,700
Changes in assumptions	56,000	588,700
Net differences between projected and actual earnings on OPEB plan investments	-	-
Contributions subsequent to measurement date	80,700	-
Totals	\$ 217,100	\$ 629,400

Amounts reported as deferred outflows and deferred inflows of resources will be recognized in OPEB expense as follows:

June 30, 2026	(79,900)
June 30, 2027	(80,000)
June 30, 2028	(69,800)
June 30, 2029	(76,000)
June 30, 20230	(86,100)
Thereafter	(101,200)

The subsequent contributions after the measurement date are reflected as a deferred outflow, but this is not subject to a deferred recognition period in the OPEB expense. Instead, this will be fully recognized in the OPEB expense for the fiscal year ending June 30, 2026.

**Reconciliation of Total OPEB Liability**

The following table reconciles the Collective total OPEB Liability to the amount reported in the Primary Government total OPEB Liability in Exhibit I.

**Reconciliation of Collective Total OPEB Liability to the Primary Government Total OPEB Liability**

<u>OPEB Plans</u>	<u>City</u>	<u>Blended</u> Component Unit	<u>City &amp; Blended</u> Component Unit
City Collective OPEB Liability	\$1,610,000	\$0	\$1,610,000
PICA (State OPEB Plan)	\$0	\$317	\$317
City's Primary Gov. Total OPEB Liability (Exhibit I)	\$1,610,000	\$317	\$1,610,317

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

**RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City (except for Aviation Fund operations, the Municipal Authority, and the Pennsylvania Intergovernmental Cooperation Authority (“PICA”)) is self-insured for fire damage, casualty losses, public liability, Workers’ Compensation and Unemployment Compensation. The Aviation Fund is self-insured for Workers’ Compensation and Unemployment Compensation and insured through insurance carriers for other coverage. The City is self-insured for medical benefits provided to employees in the Fraternal Order of Police, its city-administered health plan, the International Association of Fire Fighters and District Council 47.

The City covers all claim settlements and judgments, except for those discussed above, out of the resources of the fund associated with the claim. Claims expenditures and liabilities are reported when it is probable that a loss has occurred, and the amount of the loss can be reasonably estimated. These losses include: an estimate of claims that have been incurred but not reported; the effects of specific, incremental claims adjustment expenditures, salvage, and subrogation; and unallocated claims adjustment expenditures.

At June 30, 2025 the amount of these liabilities was \$622.7 million for the Primary Government. This liability is the City’s best estimate based on available information. Changes in the reported liability since June 30, 2023 resulted from the following:

(Amounts in Millions of USD)

Fiscal Years Ending June 30	Beginning Liability	Current Year Claims and Changes in Estimates	Claim Payments	Ending Liability
2023	\$ 449.3	\$ 246.4	\$ (285.6)	\$ 410.1
2024	\$ 410.1	\$ 358.9	\$ (278.6)	\$ 490.4
2025	\$ 490.4	\$ 448.2	\$ (315.9)	\$ 622.7

The City’s Unemployment Compensation and Workers’ Compensation coverages are provided through its General Fund. Unemployment Compensation and Workers’ Compensation coverages are funded by a pro-rata charge to the various funds. Payments for fiscal year 2025 were \$2.6 million for Unemployment Compensation claims and \$120.9 million for Workers’ Compensation claims.

The City’s estimated outstanding workers’ compensation liabilities are \$371.8 million, discounted at 4.0%. On an undiscounted basis, these liabilities total \$498.5 million. These liabilities include provisions for indemnity, medical and allocated loss adjustment expense (“ALAE”). Excluding the ALAE, the respective liabilities for indemnity and medical payments relating to workers’ compensation total \$324.4 million (discounted) and \$438.5 million (undiscounted).

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

During the last five (5) fiscal years, no claim settlements have exceeded the level of insurance coverage for operations using third party carriers. None of the City's insured losses have been settled with the purchase of annuity contracts.

**17. COMMITMENTS**

The Airport had commitments, which are open encumbrance balances, of approximately \$52.0 million for operating expenses and \$280.7 million for capital assets and improvements for fiscal year 2025. The Airport expects to fund these commitments through operating revenue and through bond proceeds, capital grants, customer facility charges, and passenger facility charges.

**18. CONTINGENCIES**

**Claims and Litigation**

Generally, claims against the Department of Aviation are payable from the Aviation Fund and only secondarily out of the City's General Fund, which is then reimbursed for the expenditure. There are certain lawsuits against the Aviation Fund in which a loss is reasonably possible. The aggregate estimate of the amount of loss from these lawsuits, in which some amount of loss is reasonably possible is approximately \$0.2 million from the Aviation Fund. This represents the best estimate of the inventory of such litigation and pre-suits as of February 12, 2026.

Significant cases included in the current litigation against the Aviation Fund are as follows:

*Henderson Inverse Condemnation:* In early September 2016, a Petition for the Appointment of a Board of View pursuant to the Pennsylvania Eminent Domain Code 26 Pa. C. Section 502(c), was filed in Delaware County, Pennsylvania against the City by numerous Henderson related entities and trusts (the "Hendersons"). The Petition alleged that the City effected a de facto taking of the Henderson properties (the "Property"), which Property is proximate to Philadelphia International Airport and located in Tinicum Township, Delaware County. The City desired to acquire the Property for Airport purposes and had numerous discussions with representatives for the Hendersons over time.

The City filed Preliminary Objections to the Petition and there was a hearing on the Petition and the Preliminary Objections scheduled for January 2018. Prior to the hearing, the City filed its own Declaration of Taking in September 2017 and made an offer of just compensation. The City and the Hendersons then settled the foregoing matters. The City obtained possession of the Property and paid the Hendersons estimated just compensation of \$54.5 million. The Hendersons' de facto taking case was dismissed with prejudice.

The Board of View (the "Board") which was appointed by the Court of Common Pleas in Delaware County (the "trial court") issued its Report, which was filed on October 19, 2020, awarding damages to the Hendersons in the amount of \$139,120,000 as "just compensation" for the taking of the Property. The amount of \$54,500,000 referenced above

**CITY OF PHILADELPHIA**  
**AVIATION FUND**  
*Notes to Financial Statements*

---

is to be deducted from this amount. On November 12, 2020, the City filed an appeal to the damage award to the Trial Court raising objections, as a matter of law, to the Report. The Trial Court then asked the parties to brief the issues respecting the preliminary determination of whether the report issued by the Board was legally erroneous. On November 9, 2021, after multiple rounds of briefing, the Trial Court issued an order overruling the City's objections. The City filed a timely notice of appeal to the Commonwealth Court, and the Hendersons filed a Motion to Quash the appeal as interlocutory. The Commonwealth Court has ordered that the Motion to Quash be listed with merits of the appeal. The Trial Court has stayed the action pending disposition of the City's appeal in the Commonwealth Court. If the appeal is denied there will be a trial de novo in the Trial Court. Oral argument took place on June 7, 2023. On December 7, 2023, the Commonwealth Court issued an order granting the Hendersons' application to quash the City's appeal. On January 8, 2024, the City filed a petition for allowance of appeal before the Commonwealth's Supreme Court. In its petition, the City argues that the Commonwealth Court failed to follow the Eminent Domain, the Rules of Appellate Procedure, and its own precedent, among other claimed rights.

The City filed its brief in September of 2024. Hendersons filed their reply in October 2024, and the City filed its reply in November 2024. Oral arguments will be heard by the Court on September 11, 2025. The City is represented by outside counsel Dilworth Paxson LLP. A payout related to this matter, if any, will be coming out of the Aviation Fund and deemed a possible loss.

**19. SUBSEQUENT EVENTS**

In August 2025, the City issued \$364.8 million in Airport Revenue and Refunding Bonds Series 2025A&B. The total proceeds were \$380.6 million (which includes a premium of \$15.8 million). The proceeds of the bonds were used to refinance certain maturities of the Airport Commercial Paper Notes, finance the current refunding of Airport Revenue Refunding Bonds Series 2015A, finance capitalized interest on the bonds and pay the cost of issuance related to the bonds. Interest on the bonds range from 5.000% to 5.500% and is payable on January 1 and July 1 each year until maturity in 2055. The aggregate difference in debt service between the refunding debt and the refunded debt is \$6.9 million resulting in a net economic gain of \$5.5 million.

Northeast Philadelphia Airport

STATISTICAL SECTION

## II. Statistical Section

### **Demographic and Economic Information**

These schedules show the airport service area environment over the past ten years.

Exhibit S-1	Airport Information
Exhibit S-2	Population Trends
Exhibit S-3	Employment by Industry
Exhibit S-4	City of Philadelphia Airport Employees

### **Business Drivers**

These schedules show the different factors that produce revenue for the airport over the past ten years.

Exhibit S-5	Commercial Flights and Available Seats
Exhibit S-6	Passenger Load Factors
Exhibit S-7	Commercial Passenger Enplanements
Exhibit S-8	Airline Market Share by Passenger Enplanements
Exhibit S-9	Aircraft Operations by Airport
Exhibit S-10	Cargo Tonnage and Market Share

### **Financial Trends and Revenue Capacity**

These schedules show changes in Aviation's financial performance, major revenue sources, and rates and charges over the past ten years.

Exhibit S-11	Annual Revenues, Expenses and Changes in Fund Net Position
Exhibit S-12	Operating Revenues by Source
Exhibit S-13	Scheduled Rates and Charges

### **Debt Capacity**

These schedules show current levels of outstanding debt and how Aviation has fulfilled debt obligations over the past ten years.

Exhibit S-14	Ratios of Outstanding Debt
Exhibit S-15	Pledged Debt Service Coverage
Exhibit S-16	Airport Debt Service by Year

### **Markets Served and Other Information**

These schedules show domestic and international markets served, as well as other airport-related information over the past ten years..

Exhibit S-17	Current Top 30 Passenger Origin and Destination Markets
Exhibit S-18	Historical Domestic Top 10 Passenger Origin and Destination Markets
Exhibit S-19	Historical International Top 10 Passenger Destination Markets
Exhibit S-20	Airline Market Share by Landed Weight
Exhibit S-21	Passenger Facility Charges

## Exhibit S-1: Philadelphia International Airport Information

Location	Located partly in the southwestern section of the City and partly in the northeastern section of Delaware County, about 7.2 miles from center city Philadelphia		
Acres	2,598 +/- acres		
Airport Code	PHL		
Runways		<u>Length</u>	<u>Width</u>
	9R-27L	12,001'	200'
	9L-27R	9,500'	150'
	17-35	6,500'	150'
	8-26	5,001'	150'
Aircraft Capability	Group VI - Airbus 380 (Limited)		
Terminals	Terminal A-East	433,001	square feet
	Terminal A-West	818,100	square feet
	Terminals B & C	951,721	square feet
	Terminals D & E	808,095	square feet
	Terminal F	<u>243,437</u>	square feet
	<b>Total Terminal Space</b>	<b>3,254,354</b>	<b>square feet</b>
	Number of Passenger Gates	124	gates
	Number of Landline Bus Areas	6	areas
Parking	<u>Public</u>		
	Garage Parking	11,245	spaces
	Economy Lot	4,200	spaces
	Cell Phone Waiting Area	151	spaces
	Tenant Employee Parking	3,700	spaces
Cargo	Number of Cargo Buildings	6	buildings
	Cargo Space	450,910	square feet
International	Customs/Immigration Federal Inspection Facility		
Tower	TRACON - Philadelphia, PA - Operating 24 Hours/Day 7 Days/Week		
Intermodal Access	Interstate 95 (I-95) Regional Rail & Buses operated by the Southeastern Pennsylvania Transportation Authority (SEPTA)		
Northeast Philadelphia Airport	Located on a 1,118-acre site situated within the City limits about 10 miles by road northeast of center city Philadelphia and provides for general aviation, air taxi and corporate, as well as occasional military use
