Happy Holidays! Here are Some Tips to Ease Your Travel Through the Airport

PHILADELPHIA -- The busy holiday travel season is here and Philadelphia International Airport (PHL) is prepared to welcome large numbers of travelers.

To facilitate your departure, the Airport has provided the following tips:

- Check your flight status prior to arriving at the Airport by contacting your airline directly, calling the Airport at 800-PHL-GATE or visiting the Airport's website, phl.org, and then click on "Flight Information" for the latest updates. Have your flight number ready. In addition, most airlines have mobile apps that allow passengers to check flight status, gate information and more.
- If you are 18 or older, have a valid government-issued photo ID (driver's license, passport, military ID, or government employee ID).
- Arrive at the airport at least 2 hours prior to your departure time in case extra time is needed for checking-in and security screening.
- Liquid, gels, aerosols, creams and pastes in **3.4-ounce or small containers** may be carried onto the aircraft in a re-sealable, one-quart, clear plastic bag. Only one such bag per traveler is allowed and it must be removed from your bag for inspection at the check point. Liquids, gels and aerosols in containers larger than 3.4 ounces must be placed in your checked baggage. Medications, baby formula and food, and breast milk are allowed in reasonable quantities exceeding 3.4 ounces and they do not need to be in a zip-top bag. Declare the items for inspection at the checkpoint. Items may be opened and are subject to additional screening.

For additional information on items that are permitted and prohibited, consult the [Transportation Security Administration](http://www.tsa.gov) (TSA) website, email the TSA at TSA-ContactCenter@dhs.gov or call the TSA Consumer Response Center toll-free at 1-866-289-9673, or connect on Twitter and Facebook @AskTSA
